## REMEMBERING RICK NOBLE Don Coleman

*Weatherby Lake resident Rick Noble passed away on March 9 after a long illness. His long-time friend, Don Coleman, shared his memories of Rick and his contributions to our community.*

Rick Noble was dedicated to making Weatherby Lake a great community. His passion for protecting our lake's environmental health was inspiring. He spent thousands of volunteer hours and offered indispensable legal expertise to defend the quality of our water and ensure that future generations would be able to enjoy it for years to come.

Rick and I met in the early 1990s when he moved to the lake. We quickly became good friends, with similar thoughts about improving and protecting the environment. We built a team of environmental advocates known as the "Mud Rasslers" who fought hard to protect our lake.

We collaborated on several projects that our residents benefit from today, including C Point's sandy beach and swim dock. We also facilitated the Weatherby Lake Improvement Company's purchase of a very inexpensive and crucial plot of land at Barry Road referred to as the "Bean Field" to protect the Lake from unwanted commercial development.

One of Rick's most significant contributions was successfully leading litigation against real estate developers who were polluting and silting our lake, forcing us to close it for swimming and boating because it was simply too dangerous.

We won largely because of Rick's strong command of the law, his relentless devotion to the cause, and his grit. To build his case, he spent countless hours with the other Mud Wrestlers on cold, rainy nights tracing sources of muddy water flooding into the lake, collecting water samples and diligently recording results for use as evidence. And he did it all for free.

Rick set a standard for leadership and public service that survives today. The next generation of Weatherby Lake's leaders inherit the privilege and responsibility of carrying on Rick's stalwart protection of our lake as new environmental threats emerge.

Rick's contributions were immense. I hope he is forever included in our history and fondly remembered for all he did to make Weatherby Lake the wonderful place it is to live today.

## From the Editor

I don't think there is anything that I can add to our current pandemic discussions. We are all making necessary adjustments to our daily routines. Some of those adjustments might end up being permanent lifestyle changes in our actions and thinking. There will emerge a renewed goodness that will carry us through the hardships. I am already seeing that goodness and kindness growing in so many ways. Neighbors are reaching out. Families are finding ways to share love, even though they are not together.

My message today is one I am only repeating...continue to find ways to share your love...be generous in kindness...give and receive with an open heart...practice humble gratitude. The medical professionals will conquer the illness...the rest of us will conquer the ill will. Stay home as much as you can...respect the social distancing...be responsible...everyone's life is threatened in ways we could never have imagined.

I have faith that love will sustain us.

God Bless the world.

## Mayor's Comments

Welcome Spring!

Starting on a positive note, how about those Chiefs and winning a most exciting Super Bowl! It was a very long time coming but the excitement was very well worth the wait! Hard to believe it's already been two long months ago.

Since then however our world has changed. Drastically. Events, activities and sports have been canceled, delayed and postponed; locally and nationally. We all have been affected personally, maybe financially and certainly in our everyday lives.

Things change in life so very quickly and I want to assure all that your City has been trying to stay ahead of the curve as things have changed, sometimes hourly. Police Chief Kevin Davis, Emergency Management Coordinator Carlton Voorhies and myself have been attending meetings held by the Platte County Health and Sheriff's Department. Within a very few hours of us attending these meetings the news media broadcasts what we have just learned.

What began with crowd sizes of 1000 to 500 to 250 to 100 to 10, now we are observing 'social distancing'. Because of the months of extensive advance planning by Julie and Michael Horseman and their large group of volunteers we all determined on Friday evening March 13th to proceed with the St Patrick's Day event the next day when the maximum crowd number was 250. While I don't know the final head count it's my belief that ours was somewhere around 200. It was a great event and my hat is off to Julie, Michael and their entire team of volunteers! Many thanks to them and all who attended a fantastic event!

Because of the 'social distancing' that went into effect Monday, March 16th it was determined by Chief Davis, Coordinator Voorhies, the Park Board and myself to temporarily remove the basketball hoops at the Community Center and Cristhaven Park. Typically during evenings and weekends from this time of year thru October there are anywhere from 10-40 players on that court. With those hoops removed the next logical stop for those players would have been the half court at Cristhaven Park. With more than 10 players observed at the volleyball court that net was removed too. For now the tennis court nets remain but we are observing them for more than 10 there too.

The US Census is currently being taken and I ask that all please take the time to fully complete it. Our April 3rd election has been postponed by Governor Parsons to June 2nd. Check the City website [www.cityofweatherbylake-mo.gov](http://www.cityofweatherbylake-mo.gov) for any important updates.

Now for the good news; it's Spring and time to get out and enjoy the warming weather.  
See you on the lake!

During this unforeseen time in our nation with Coronavirus (COVID-19) within the United States many changes have taken place to our daily lives. The situation changes rapidly and many uncertainties exist. The City of Weatherby Lake's website contains phone numbers, links and on-line education classes for COVID-19 that are kept up to date. On 03-24-2020 city hall was closed to the public and walk in traffic without appointments. The city hall staff remains Monday-Friday 8:00 A.M.-4:00 P.M. to answer phone calls and continue city operations. The Weatherby Lake Police Department will remain staffed 24/7 for the duration of this event. Any resident that does not have internet access and has any questions/concerns regarding COVID-19 is encouraged to contact city hall by phone during the above business hours at 816-741-5545 or the police department at 816-741-8111. I have spoken to the club president(s) of the Women of Weatherby Lake (WOW) and Neighbors Helping Neighbors. Both organizations are willing to assist any resident in need during this state of emergency. During my tenure in Weatherby Lake I have grown accustomed to our community's teamwork, generosity, kindness and resolve when faced with any challenge. I am confident that working as a community we will take care of each other and our city. All members of the police department have dedicated themselves to provide unselfish service to the community. I believe it was important to have the police department logo on this newsletter as the words on the logo speak for themselves.

## Weatherby Lake Historical Committee

The Weatherby Lake Historical Committee's mission is to diligently collect and preserve our city's history. This includes identifying places structures, events, especially anything of a historical nature that would be enhanced by a permanent informative marker like the one we recently added to the Community Center. To date, we have an extensive 2-dimensional archive stored at City Hall, as well as many photos stored digitally.

### A Letter from the WLIC President...

As social distancing fatigue wears thin and the warmer weather begins to bloom, it is natural to let our guard down when it comes to stemming the tide of COVID-19. Unfortunately, medical experts estimate the next month is when our local “curve” will grow the most. Now is the time we Weatherby Lakers need to shore up our resolve to Keep Calm and Weatherby On! We are at a critical juncture.

Our community is full of things to do to keep our minds, spirits and bodies healthy during this difficult time. We ask our Membership to continue the practice of social distancing whether socializing at one of our 19 Access Areas (yes, there are 19!) or while out on the water. Keep in mind, while on the water multiple boat tie-ups are discouraged at this time and the 6-foot recommendation applies while on watercraft as well.

We are working as hard to process 2020 wristbands and permits. This year we are having to manage 100% of them from our remote offices and distribute via US mail. The process is arduous and time consuming. We value your patience. In the meantime, if you would like to use the WLIC facilities or lake, please wear your 2019 green bracelets and make sure your watercraft/floats display last year’s permits. When you receive your 2020 credentials, please begin using those.

Here are just a few ideas of how you can stay active at Weatherby -- all while adhering to social distancing recommendations.

- Visit by land or sea, each one of our 19 Access Areas. Learn the name and location of each Access Area. A map is available at <http://wlic.org/lake-map.html>
- Adopt an Access Area. Each year after the winter thaw, our Access Areas need a little sprucing up. Picking up trash and reporting damage to WLIC docks or other Access Area amenities is a great help to our volunteer-based operations.
- Visit the Anders-Jacks historic cemetery located on Eastside Drive, adjacent to 75<sup>th</sup> Terrace.
- Read the Weatherby Lake Chronicles. Published by the Weatherby Lake Historical Committee, it’s an historic account of how Weatherby Lake today, grew from the efforts of many volunteer Members before us.

**Together, but apart, we make a difference!**

## Resident & Community News

### ELEANOR "ELLIE" BAISDEN

Our community mourns the loss of past resident Eleanor "Ellie" Basiden. Ellie was a long time resident of Weatherby Lake, who transferred here with TWA from New York. Ellie was deeply involved in anything that would enhance the quality of life at Weatherby Lake. She served on multiple committees, volunteered her leadership abilities and management skills, and supported anything that would add value to our living at WL. Ellie was brilliant and she shared that brilliance in ways that helped so many others. She was loved and respected by uncountable friends in uncountable ways.

### DAN KARP

Our very sincere sympathies are extended to the family of Dan Karp on Dan's recent death. Dan and Rosemary were long time residents of Weatherby Lake. They were both very active in a number of activities and supported the projects and fundraisers that contributed to the welfare of our community. They were sponsors with the International Military Student program at Ft. Leavenworth for many years. Dan was a US Air Force Veteran. Dan loved to travel, especially with the People To People program, and he always had a great story to share. We will miss those stories and his friendship that he freely shared.

### RICK NOBLE

Our most sincere condolences are extended to the family of Rick Noble, on his recent passing. Our prayers go to his wife, Annie, his children, Mollie, Eryn, Marc, and Allan, their spouses, and his grandchildren and great grandchildren. Rick was a long time resident of Weatherby Lake and was one of those who gave his very best to anything that would make our community a better place for the rest of us. Rick was our neighbor, our friend and our champion. He will be missed by all.

(To read a "Tribute to Rick Noble" please see issue cover.)

### VIRGINIA GLAMANN

Our deepest condolences go to the family of Virginia Glamann, mother of Deb McGlaughlin and Dan Glamann, grandmother of Chris (Kate) McGlaughlin, and great grandmother of James McGlaughlin, all of Weatherby Lake. Virginia had a large extended family of siblings, children, grandchildren and great grandchildren. She was special and will be missed by many. Additional information at White Chapel Funeral.

Weatherby Lake is a mecca for a lot of amazing people with a lot of amazing talents. We are pleased to recognize a very talented young writer in our community. Jill Ballou has authored a series of children's books that send a message.

Jill began her fascination with children's literature a long time ago, while studying early childhood education in college. Now a retired preschool teacher and pediatric nurse, her love for kids and reading has led her to writing stories that make kids laugh, feel loved, and inspire a sense of joy and wonder in the world. She believes that there is just no substitute for reading to children. The more the better! It will benefit them their whole life long. The books are available at Parkville Coffee in Parkville on Main Street, upstairs on the author's shelves. They are also available on Amazon and at City Market shops.

Jill's books include: "The Ginger and Polly" series, four stories about the escapades of two real dogs, whose friendship is a model for us all. Other publications include: "The Fantastic Firefly Night", "Singing Lessons", and "CITY MARKET!".

For book previews, visit Jill's website: [bicyclebellbooks.com](http://bicyclebellbooks.com)

It's great to see so many folks out walking and walking their dogs. But, there are more and more observations that the walkers are failing to pick up what their doggies are leaving behind. PLEASE, be more mindful and considerate of the other walkers, especially since now there are a lot more walkers on our streets...and especially on the dam.

Also...remember to respect the distance between walkers and do not walk or jog closer than 10'-15'. A courteous reminder when someone comes too close is suggested. Please walk close to the guardrail on the dam and not in the street. Yes, these seem like unfriendly guidelines, but it is what we are expected to do in order to comply with the Coronavirus restrictions.

Thank you for your support in keeping our community safe.

# KNOW THY NEIGHBOR

*In-home monthly, fun & casual, gatherings for All residents for the purpose of getting to know your neighbors.*

## April and May 2020

Important dates: April 18th and May 16th

On a Saturday of each month at 7:00 PM, September thru May, volunteer Weatherby Lake residents rotate hosting a casual social gathering in their homes. There are two options for the gatherings each month, either a casual sit-down meal or a Happy Hour style gathering with just appetizers. A host determines the number of guests they have. Neither the host nor the guest knows the identity of the other guests ahead of time.

The focus for both styles of the small group gatherings is not on the food, but rather on meeting neighbors, getting to know one another and developing friendships.

### I WANT TO PARTICIPATE, WHAT DO I DO

**FOR NOW:** To be on the monthly reminder list, just email us your NAME, PHONE NUMBER AND EMAIL

ADDRESS to: [KNOWTHYNEIGHBOR2@gmail.com](mailto:KNOWTHYNEIGHBOR2@gmail.com).

Each month you will be sent a reminder of the upcoming gathering. If you choose to participate that month, (you are not required to attend every time), you then choose either the sit-down option or the Happy Hour. Then you will be sent the location and food assignment for your gathering. See Option descriptions below.

**Attend a Dinner:** You will take one pre-assigned dish (appetizer, vegetable, salad with bread, or dessert), and your own beverage of choice.

**Attend a Happy Hour:** You take an appetizer and your own beverage of choice.

**Host a Dinner:** You provide your home, the main dish, water, coffee and tea.

**Host a Happy Hour:** You provide your home, one appetizer, tea and water.

**April KTN event will be a Easter theme.**

**May KTN event will be on the lake. We will have a boating cocktail hour. At the evening we will all meet up at c-point to mingle. More details to follow in email.**

**NOTE:** **KNOW THY NEIGHBOR** is celebrating over 30 years of bringing Weatherby Lake neighbors together. As we begin this new season, we are updating the email list. Make sure to email your name, address, phone number, and the email address you prefer to be contacted at if you would like to be included. This will insure that you will receive the monthly reminder. ## NEIGHBORS HELPING NEIGHBORS

*Caring and Temporary Assistance for Weatherby Residents in Time of Need*

*NHN is a community program for all of us to help each other in times of need, such as illness or other circumstances that limit our abilities, the death of a loved one, shut-ins, or in any way that one might need simple short term assistance. We do not take the place of professions or replace family responsibilities. We are your next door neighbors who are willing to volunteer help where we can, and we need YOU to help be a part of watching out for one another.*

## NEIGHBORS HELPING NEIGHBORS FOCUSES ON SENIORS LIVING ALONE

The list of Weatherby residents who live alone is being updated.

This is important information for many reasons, but especially during this time when the well being and safety of our single seniors is more at risk.

This list will be kept confidential.

If you live alone, or know of a neighbor or resident who lives alone,

**especially if they are a senior or elderly,**  
please contact us.

Watching out for one another is just part of being a responsible caring neighbor.

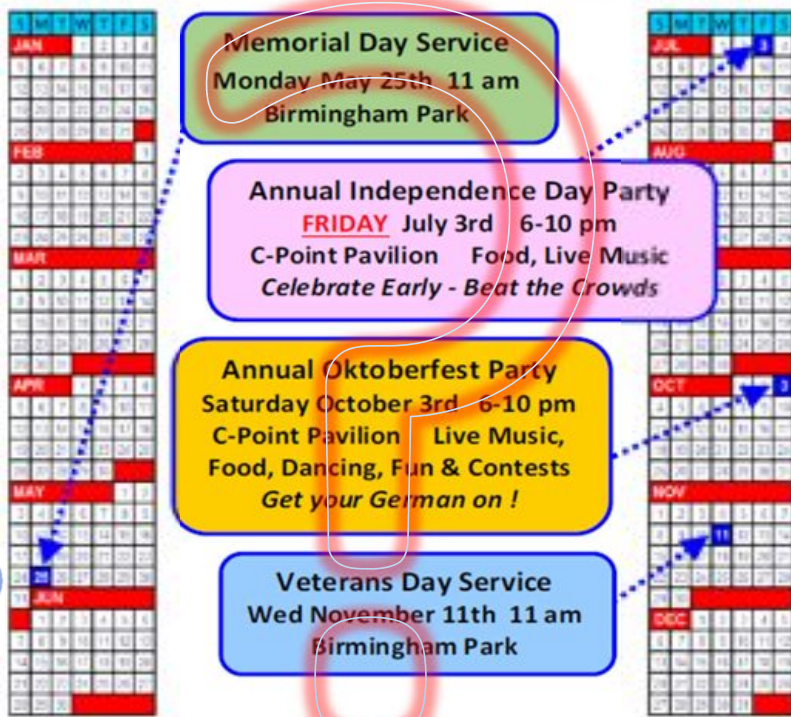

Contact us at [NeighborsHelpingNeighbors20@Yahoo.com](mailto:NeighborsHelpingNeighbors20@Yahoo.com)  
You will receive a return email, or call, with more information.
