## From the Editor

Occasionally, I am lucky enough to have an extended getaway that allows for total escape of routine pressures and stress. I always know that I will experience a winding down transformation that puts me in slow motion but, at the same time, pumps me full of renewed energy. And, as it turns out, there is always some kind of unexpected bonus that I receive. It might mean coming home with an abundance of positive thinking...or, a new friend to add to my special contacts...or, a great memory that gives me repeated joy. Recently, my getaway presented me with a new experience...earthquakes. I was at a place in the Dominican Republic when a series of sizeable earthquakes occurred in Puerto Rico about 12 miles away. While there was no recorded damage where I was, there was much destruction where it originated. I felt nothing more than the tremors that woke me, and the sloshing of water in the toilets. The conversation at breakfast was all about our thoughts on the quake and if we had been prepared for some kind of precaution. I certainly had not.

But, since that experience, I have been reminded that life will inevitably present the unexpected, and rarely do we have a pre-thought out plan to best deal with it. But, haven't we learned that it is how we deal with the unexpected events in our lives that can define our attitude, joy, and even our mental and physical health? How do we prepare for the unknown and unexpected? Actually we never can totally, at least not with a plan that guarantees a positive outcome. Doing fire drills and other safety practices are good in certain situations, but it's those more personal surprises that can impact us more seriously. Still...if we instinctively default to the belief that what ever has just shaken our foundation is temporary and there will be a sunrise tomorrow, then the destruction we might be experiencing can be diluted.

It's still the first quarter of the new year and a new decade...still plenty of time to have that

internal dialogue with self. Listen to what we can believe...that there is more good in life than bad. This will put hope in our hearts and lighten the weight of that bag of rocks we all carry around. I'm strongly holding on to the calm that I collected while walking the beach at sunrise...so, when those unplanned quakes of life shake my foundation and I find myself on my knees again...I might be better at believing it is only temporary and that strength and healing are there for the asking.

Here's trusting we can all join together to share that hope. There will be a sunrise, there will be Spring, there will be new life. That's the guarantee we can believe. And that is what I wish for all of us here at Weatherby Lake and for all of humanity, for today and continuing thru 2020 and beyond. I trust that we can count on one another to offer a hand of strength and assistance. We all need that. Deepest gratitude.

*Peace & Goodwill -

## Mayor's Comments

Winter greetings to all!

How about those Chiefs!!! Finally we are going to a Super Bowl! It's been a long 50 years of waiting for this. The San Francisco 49ers are our opponents and they look pretty tough. I recall another SanFran team was a KC opponent after a long wait and our guys came very close but couldn't get it done. Let's hope our Chiefs have a much better fate than our Royals did in 2014!

The 2020 US Census is quickly approaching. Postcards will be arriving in mid March to let folks know that the Census is beginning on April 1st. Residents can return the Census report by mail, email or by phone. It is VERY IMPORTANT that everyone participate in the Census. The Federal Government allocations of your tax money and your representation in the US Congress is driven by our 100% response. Many thanks to Weatherby resident, Janet Edwards, for all of her hard work in coordinating this effort.

Recently your City Long Range Planning Committee has solicited feedback on the golf cart issue and will pass on recommendations to the Board of Aldermen. The Board has also addressed long term city park and street parking issues.

The Irish-American Club's annual celebration will be Saturday March 14th this year. The revelry will include a parade and end up at the Community Center with libations, auctions and shenanigans. This is a fund raiser for our Weatherby Lake Police Department and everyone's participation is encouraged and very much appreciated.

Election Day is Tuesday, April 7th for our Municipal Elections and also for two of our road districts that we find ourselves in. Weatherby resident Gary Gulden is on the ballot for the Parkville Special Road District for those in the southern portion of our City. He is running to replace resident John Cookinham whose term is coming to an end. My sincere thanks to John for his fine service and Gary for offering his.

Safe travels for the rest of the winter - each day we are closer to Spring!

Mayor

# Weatherby Lake Historical Committee

The Weatherby Lake Historical Committee's mission is to diligently collect and preserve our city's history. This includes identifying places structures, events, especially anything of a historical nature that would be enhanced by a permanent informative marker like the one we recently added to the Community Center. To date, we have an extensive 2-dimensional archive stored at City Hall, as well as many photos stored digitally.

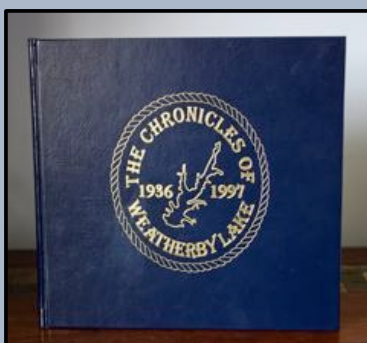

## What Happens Today is Tomorrow's History

Do you need to send a thank you card or bring a hostess gift to an upcoming party? Are you planning to cozy up to a good book this winter? The Weatherby Lake Historical Committee has the perfect items for you.

## ISABEL (IZZY) WHIPPLE

We extend our deepest sympathies to the family of Isabel (Izzy) Whipple on Izzy's recent death. Izzy and her husband, David, were long time residents, living at Weatherby Lake more than 65 years. Izzy and Dave were both very active in a number of

community clubs and served on many committees and positions. Their long standing contributions will certainly be remembered. They were both an asset to our community and we will always remember how they helped make our community a better place. Izzy will be missed by all.

## BOB CAMPBELL

Our condolences are extended to Renee Campbell and family on the recent passing of Bob Campbell. Long time resident, Bob, had served on the WLIC Board and other committee's around the Lake. Bob was always interested in ways to contribute to the community. Our prayers go out to the family and friends. He will be missed by many.

## PATTY McCALLON

Our sincere sympathy goes to Vera Lancaster and family on the recent death of Vera's daughter, Patty McCallon. The family has been a long time resident in the community and good neighbor. Patty will be missed by family, friends and neighbors. Our prayers to all.

# United States<sup>®</sup> Census 2020

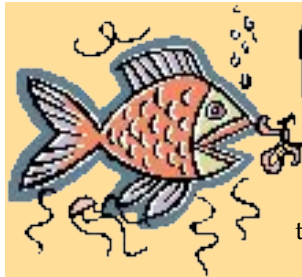

The middle of March the Census team will start mailing out postage cards to homes in preparation for the Census. By April 1st everyone should have received their form and the census process will begin. It is encouraged that everyone please participate in providing the information. Even though we are a small community

the census has an impact on the communities that surround us. The census decides the number of representatives the states have in the House of Representatives; it helps communities plan for roads, schools and other services; businesses look at census data when deciding where they will locate; it decides federal funding. All of these things can have a huge impact on our community.

To see a sample of the questionnaire, Google 2020 Census Questionnaire. If you have any questions, please email them to [janetedw20@gmail.com](mailto:janetedw20@gmail.com) Let's have 100% participation! Either by mail, online or by phone!!

Our goal is to make 2020 the healthiest year **you have ever lived**, and to make Weatherby Lake and KC metro the healthiest place on the planet!

Is modern day technology killing your family? Are you aware there is a higher mortality (death) rate for someone with a hunch in their spine (called hyperkyphosis)? When the head goes forward or off center, it puts pressure on the rest of the spine and if left untreated, the spine will slowly degenerate and continue forward, while the upper back goes backward creating a hunch. A good rule of thumb is for every inch your head is off center, it creates a doubling of the weight of your head as perceived by your body. So if a 10 pound head is forward one inch the effective weight on your spine is 20 pounds, not 10. If it's forward 2 inches the effective weight is 30 pounds.

Every study done of this condition indicates there a higher mortality rate among people with hyperkyphosis because there is less room in the thoracic cavity and consequently, it compromises lung function.

My major concern - THIS IS NO LONGER A CONDITION SEEN ONLY IN ELDERLY! Because of texting and games/ videos and devices, we are seeing this forward head carriage (the beginning of the kyphosis) in more and more children and adolescents.

According to the mayo clinic website, some Complications of kyphosis;

- **Breathing problems.** Severe kyphosis can put pressure on the lungs.
- **Limited physical functions.** Kyphosis is associated with weakened back muscles and difficulty doing tasks such as walking and getting out of chairs. The spinal curvature can also make it difficult to gaze upward or drive and can cause pain when you lie down.
- **Digestive problems.** Severe kyphosis can compress the digestive tract, causing problems such as acid reflux and difficulty with swallowing.
- **Body image problems.** People with kyphosis, **especially adolescents**, may develop a poor body image from having a rounded back or from wearing a brace to correct the condition. For older people, poor body image can lead to social isolation.

**For further information including studies on kyphosis and mortality and what you can do to protect your family call 816-468-9990. Also, join us for one of our yoga and wine events, call 816-468-9990. Kindly like and subscribe “Is Texting KILLING you”**

### January Gathering

To take our minds off the winter weather here, we thought of warm travel destinations! Our speaker was Mark Comfort, co-owner of Cruise Holidays Kansas City. He shared some of his favorite vacation spots and trends in the travel industry. What a fun evening to dream and plan our next getaway.

### Upcoming Events

Chef James White has been a Certified Executive Chef for over 35 years and lives at Weatherby Lake. He loves to cook, bake, and teach the culinary arts, and he will be doing that for us at our next gathering on **February 13** at the Community Center, beginning at 7:00 pm. He will discuss "*Culinary Tips, Gizmos and Secrets.*" If you attended his presentation a few years ago on grilling veggies, you know you will want to attend this one, too. If you missed that one, be sure you don't miss this one. Samples will be shared. Hope to see you there!

In March we'll have a fun night playing Bunco and enjoying delicious snacks, so mark your calendar for **March 19**. Please note this date is a week later than we normally meet.

### Call for Officers

We will be electing new women's club officers in May for the upcoming year. If you are interested in serving in some capacity (officer or social committee), please email us at [wlwomensclub@gmail.com](mailto:wlwomensclub@gmail.com).

### Scholarships

We'll be offering one **\$1,500** academic scholarship to ANY Weatherby Lake resident (graduating seniors, or individuals pursuing continuing education, trade or other certificate programs) in late Spring, so be thinking about who you can nominate! More information will be sent soon and also available on our website.

WLYC

Happy New Year! 2020 is here and lets all have some clear vision....the future. The Yacht Club is again planning our schedule for this year and we hope to continue with the great momentum that we created last year. We had fun and hope that those of you that attended some or all of our events had fun too.

Our first event of the year is our Ice Breaker Party which will be held on March 28<sup>th</sup> at a house yet to be determined. We will let you know where on our new and improved Website. Check it out!

The new news for 2020 is we are forming a Pontoon Club portion in our Club. You don't need to sail to be a member of our WLYC.

The fact is that most Yacht Clubs around the world have more power boats and fishing boats in their Clubs than sailboats. The fact that there are just more power boats than sailboats might have something to do with that. We want you to know that we are not just all about sailing. We are actually more about having fun, with parties and events for the whole family. This year we are going to take that to a new level. With a new Pontoon Fleet

Commodore within the Yacht Club, Richard Humiston, will be planning events with just Pontoon Boats in mind. We also welcome this lakes wonderful fleet of many Runabouts to join us.

Expanding the WLYC to meet the needs of our lakes residents is our mission. Please join us. We could use your help. Become part of neighbors and friends with similar things in mind to build and create events just for the fun of it. Hope to see you clearly in 2020!

Sincerely  
Jim Kennedy – Commodore

# KNOW THY NEIGHBOR

*In-home monthly, fun & casual, gatherings for All residents for the purpose of getting to know your neighbors.*

## February and March 2020

Important dates: February 8th and March 14th

On the second Saturday of each month at 7:00 PM, September thru May, volunteer Weatherby Lake residents rotate hosting a casual social gathering in their homes. There are two options for the gatherings each month, either a casual sit-down meal or a Happy Hour style gathering with just appetizers. A host determines the number of guests they have. Neither the host nor the guest knows the identity of the other guests ahead of time.

The focus for both styles of the small group gatherings is not on the food, but rather on meeting neighbors, getting to know one another and developing friendships.

### I WANT TO PARTICIPATE, WHAT DO I DO

**FOR NOW:** To be on the monthly reminder list, just email us your NAME, PHONE NUMBER AND EMAIL

ADDRESS to: [KNOWTHYNEIGHBOR2@gmail.com](mailto:KNOWTHYNEIGHBOR2@gmail.com).

Each month you will be sent a reminder of the upcoming gathering. If you choose to participate that month, (you are not required to attend every time), you then choose either the sit-down option or the Happy Hour. Then you will be sent the location and food assignment for your gathering. See Option descriptions below.

**Attend a Dinner:** You will take one pre-assigned dish (appetizer, vegetable, salad with bread, or dessert), and your own beverage of choice.

**Attend a Happy Hour:** You take an appetizer and your own beverage of choice.

**Host a Dinner:** You provide your home, the main dish, water, coffee and tea.

**Host a Happy Hour:** You provide your home, one appetizer, tea and water.

**February KTN event will be a Valentine's Day theme.**

**March KTN event will be a St. Patrick's Day theme.**

**NOTE:** **KNOW THY NEIGHBOR** is celebrating over 30 years of bringing Weatherby Lake neighbors together. As we begin this new season, we are updating the email list. Make sure to email your name, address, phone number, and the email address you prefer to be contacted at if you would like to be included. This will insure that you will receive the monthly reminder. Send your info to [KNOWTHYNEIGHBOR2@Gmail.com](mailto:KNOWTHYNEIGHBOR2@Gmail.com)
