### "GRATITUDE"

Nothing really drives home reality, like living some experiences first-hand. Without slipping into the glum, I have become painfully aware of how dealing with loss can leave us a bit fragile. I have heard this same realization expressed from an unusually high number of folks in the recent year or so. I found myself questioning what was really important in life and what changes, if any, should be made. It seemed to me to have been much easier in the past, after all, I live right in the middle of one of the most amazing communities ever...where a happy fix is within constant reach. Why were things feeling less positive now?

Then, something very ordinary, yet powerful, happened...I had a birthday. Of course, this is not unusual...I've had LOTS. But this one got my attention...and with every good wish, flower, balloon, visit, hug, and happy exchanges, I was elevated to a new level of gratitude... gratitude for this priceless community that overflows with more joy potential than I had been recently paying attention to. I'm not going to waste precious time trying to analyze it all, but as we ease into the second quarter of 2022, I am committed to sharing as much of that joy as I possibly can.

We hear that opposites attract, but likes attract likes, too. Joy attracts joy, etc. What we send out into the universe acts as a boomerang gathering the same, and when it returns we are enhanced tenfold. We have a respon-

sibility to pay close attention to what we are sending out...is it life giving or destructive. Because, when it comes back that will be what we will have to manage.

So, as we head into Spring, I'm noticing signs of new life everywhere, and that gives us hope in all things. That's the best gift I have been given...my deepest gratitude to all of you.

# Mayor's Comments

Springtime greetings from City Hall.

And just like that.....Mother Nature has changed from winter to spring! Now maybe our United States Congress can keep the clocks where they are permanently.

Election Day is coming this next Tuesday, April 5 th . As usual the Community Center is our polling place and the hours are from 6AM until 7PM. The Park Hill School District has 8 people running for 2 vacancies and two separate Propositions. Weatherby Lake has 3 folks running for West Ward Alderman. Tanya Finn is unopposed for East Ward Alderman as am I for Mayor. Exercise your privilege to vote!

As I have mentioned in a previous article, we were required by state law to redraw our Ward boundary lines. All homes west of the bridge on Barry Road to Hillside Drive and all homes on Hillside Drive are now in the East Ward. This equalizes the population to be more evenly split between the 2 Wards.

Again this year we will have the Spring City Wide Cleanup for yard waste only behind City Hall the weekend of April 8 th , 9 th and 10 th . Remember you need a current City sticker on your vehicle or a driver's license with a Weatherby Lake address on it if asked to show proof.

The annual Shredding event, drug take-back and electronics disposal is Saturday, May 7 th at the Community Center. This year we are again taking canned food donations and there will also be a donation truck there from Hillcrest Ministries. The time for this is from 9AM until noon.

The Weatherby Lake Irish American Club is changing it up this year and combining the annual St Patrick's Day Party with Cinco de Mayo and calling it 'St. Patrick's de Mayo' on Saturday, May 14 th . See the advertisement elsewhere in this Newsletter for the particulars. It is a very worthy benefit for the Weatherby Lake Police Department to purchase unbudgeted law enforcement items. It's always a great time, rain or shine for young and old!

Finally, I very much appreciate your confidence in me as your Mayor and I do not take the job lightly. I can assure you with our very capable City Staff and Board of Aldermen, we all strive to do the best we can to operate our City as safely, smoothly, efficiently, pleasantly and as cost effectively as humanly possible. The last couple of years have been very busy as we have dealt with Covid and still resolved the golf cart and chicken issues among the many other day to day items as they transpire.

Enjoy the warmer weather, be safe and I look forward to seeing you on the Lake!

Steve Clark

## Kops Korner

April-June are severe weather months in Missouri. The City of Weatherby Lake owns and maintains one outdoor tornado siren at 78th Street & Eastside Drive. Kansas City Missouri has a tornado siren in the parking lot of the Weatherby Lake Community Center while Platte County has a tornado siren at the Weatherby Lake maintenance building near Weatherby Lake city hall. These three tornado sirens blanket our area with outdoor warnings. It is important to remember these tornado sirens are for outdoor warning only! To be notified of inclement weather conditions, roadway closings, power outages and emergency snow route information, etc., I would encourage everyone to sign up for Nixle notifications. The Nixle link is located on the bottom of the City of Weatherby Lake web page <http://www.cityofweatherbylake-mo.gov>. Click on the Nixle logo to begin sign up for the notifications.

Spring is also an excellent time to check/change the batteries in your smoke/CO2 detectors. The Southern Platte Fire Department offers installation of FREE smoke/CO2 detector batteries. To find out more information on this free service contact the Southern Platte Fire Department at 816-741-2900.

As our daily weather begins to warm up and everyone begins to spend more time outdoors it is important to remain vigilant in securing all parked vehicle(s) left outside and close all overhead door(s) when not in use. Person(s) driving by a residence with an open overhead garage door and no one present can quickly enter the garage area, remove any items they wish and leave the area without detection. Person(s) checking doors of parked vehicles can also quickly open the unlocked vehicle door and remove items or enter the residence garage via garage door remotes left inside the vehicle.

The police department answers several calls regarding parking. Below are some of the current parking ordinances in part:

Section 355.020 Parking Not To Obstruct Traffic.

No person shall park any vehicle upon a street, other than an alley, in such a manner or under such conditions as to leave available less than ten (10) feet of the width of the roadway for free movement of vehicular traffic.

Section 355.030 Parking Not To Create A Traffic Hazard.

[CC 1984 §15.436; Ord. No. 267, 7-17-1984; Ord. No. 300, 12-16-1986]

No person shall park any vehicle upon the street in such a manner or under such conditions that obstructs traffic thereby constitutes a traffic hazard.

Section 355.010 Stopping, Standing or Parking Prohibited.

[Ord. No. 628 §1, 6-17-2003; Ord. No. 2020-22, 10-14-2020]

In front of a public or private driveway. — Within fifteen (15) feet of a mailbox. — Within thirty (30) feet of an intersection.— Within fifteen (15) feet of a fire hydrant.

## WLIC Update

By Don Coleman II

By The Weatherby Lake Improvement Company has recently upgraded its data management platform to Salesforce.com. We migrated from a homemade Microsoft Access database that was implemented about 10 years ago so we can take advantage of significant technology advances that have occurred in that time.

We have approximately 900 property owners and 2,200 individuals in households in the WLIC. Management of our Member's household information, accounts, activities, boats, docks, permitting and education is a significant daily responsibility for the Office.

The Salesforce platform will provide the office with several benefits.

- Improved stability and efficiency of our Membership database
  - Improved data security
  - Ability to track all Member requests and tasks through the office and committees and automate workflows
  - Integration of a mobile interface that will enable staff and committees to access information through a mobile phone
  - Continuous cloud back-up to ensure we never lose data
- (cont'd.)

- The ability for the Office to make enhancements to the database as needed without the need to hire expensive consultants or programmers
- Community Portal

In addition to many benefits for the office and security of our data, we are also implementing a Community Portal that will enable Members to access their own account information and update information on their household, boats and docks and participate in internal processes and committees. We will also be utilizing the extensive tools in the Salesforce platform to strengthen Member engagement as we develop our expertise on the platform.

We will be testing our initial portal over the next couple months and will rollout the portal to the Membership as soon as testing is complete.

#### Technology Committee

The WLIC is fortunate to have numerous Members who have expertise in various aspects of technology development and deployment. The Technology Committee has been overseeing the Salesforce implementation and has saved us many thousands of dollars through volunteer time. We also received special non-profit pricing from Salesforce which resulted in a subscription price that is a 90% discount from the standard commercial pricing.

There are many disciplines that come into play in a database conversion and we have Members in our community who have contributed to many different aspects including security, business process design, graphic interface, database modeling, project management and so much more.

Additionally, I would really like to recognize the efforts of Seth Casas for driving the overall internal data conversion and database design. His combined knowledge of WLIC business processes and technical training has enabled a particularly smooth conversion process. Beth and Larrisa also really drove significant business process design ideas that should help make their processes easier, but ultimately help them serve the Membership even better!

Stay tuned, we look forward to rolling out features to the Membership in the near future!

# Resident & Community News

## Phyllis Babalian

Sincere condolences are extended to the family of Phyllis Babalian, on her recent passing. Phyllis and Peter were long time active residents of Weatherby Lake. They moved away from Weatherby several years ago, but we have wonderful memories of their fun and kindness. They will be remembered and missed.

## NEIGHBORHOOD HEROES OF KINDNESS

### DIANE LAUGHLIN

Special thanks to kind neighbor, Diane Laughlin. She never leaves for a walk without a trash bag. Especially, as we come out of winter when considerable debris is left behind. Let's follow in her footsteps and pick up when and where we can!

### LAWNCARE PRACTICES

1. **Use low phosphorous fertilizer.** Brands appropriate for lake residents include Golf Course Starter (16-2-2), Loveland Renovator Pro (30-0-3), Loveland Summer Pro (20-0-5), or Loveland Weed and Feed (12-0-4). All of these products are available at Grass Pad on NW Barry Rd.
2. **Don't leave excess materials** like fertilizer and grass clippings in the street where stormwater will wash it into the lake. Blow excess from your drive, walkways AND the city street.
3. **Sweep up and dispose** of goose feces, pet waste & leaves. Never sweep it into the lake.

4. **Use low phosphorous soaps** to wash patio furniture, autos, and boats – brands like Simple Green® and Palmolive®

5. **Consider having your soil tested** and customize your chemicals to the appropriate formula. Instructions and form can be found at <https://extension.missouri.edu/programs/soil-and-plant-testing-laboratory>. You may mail your sample and form in a securely sealed plastic bag to the University of Missouri address on the form (enclose check for \$12.50) or take the sample and form locally to the University of Missouri Extension office at 11724 NW Plaza Circle, Kansas City, MO with a check for \$20. Call 816-270-2141 for hours of operation. Then, bring the test results to Grass Pad, our environmental partner, and they can help you find the best formulation.

### VEGETATION REMOVAL (if necessary)

1. **Notify the WLIC office prior to grooming the area around your dock.** We would like to know where and when vegetation will be disturbed so that we can track impacts around the lake over the longer-term. Removal should be limited to Hornwort/Coontail.
2. **Remove vegetation using the “rake method”.** **NO CHEMICAL USAGE** The rake method is effective providing care is taken to remove the entire stalk of the plant. Coontail is a brittle species and broken pieces will quickly grow into full-size plants and exacerbate the problem. Some sample rakes can be found here: [https://www.amazon.com/s?k=water+rake&crd=1SPUQOTEVZTF7&sprefix=water+rake%2Caps%2C124&ref=nb\\_sb\\_noss\\_1](https://www.amazon.com/s?k=water+rake&crd=1SPUQOTEVZTF7&sprefix=water+rake%2Caps%2C124&ref=nb_sb_noss_1)
3. **Minimize the amount of removal.** For the short-term, removal is only permitted along your dock where it collects and impedes swimming and boat launching/docking. We encourage prudent care in discerning your specific needs and ask that you take a conservative approach while we explore long-term solutions.
4. **Disposal of the removed vegetation is the responsibility of the Member.** Do not use Access Area trash dispensers or leave along the shoreline/seawall.

### **FRIENDS OF WEATHERBY LAKE HISTORY**

The Weatherby Lake Historical Committee is extending an invitation to those residents who might have an interest in the history of our community, but don't feel like they can commit to serving on the main committee. We have a special group of residents who might like to help out now and then with a small project that will not require attendance at regularly scheduled meetings or a commitment to volunteering extended time. This is a great way to help at your convenience and interest. We keep your name on our "Friends of Weatherby Lake Historical Committee", and notify you when we might be in need of an hour or two to help freshen the Anders Jack Cemetery, or just let us know when you have an idea about our upcoming historical markers or thoughts on how to enhance our history preservation.

Let us know if you would like to participate. We are eager to welcome your ideas.

WLIC LAKE SEASON KICKOFF

06 . 05 . 22

## It's Time for Goose Eggs

Late March, early April is the time when geese build their nests and lay eggs. Nests are usually near the shoreline and are made of twigs, leaves and dried grasses. They often have feathers strewn about. If you think you see a nest on or near your property, please call the W.L.I.C. at 741-5556 so licensed conservationists can investigate. Goose feces is a primary contributor for lake contamination and closures. Let's work together to keep the lake clean!

## **ANNUAL EGG HUNT**

Weatherby Lake Garden Club news for April 12.....

Let's get ready for Spring planting with a Plant Share Exchange.

Members are asked to bring clippings and or pot-planted plants to exchange (bring 1, take 1) at Pam and Jim Fullmer's home at 8100 NW Wayland for our 6:15 PM gathering.

Along with your choice of plant(s) to share, please bring 2 bottles of wine (red and white) to fill our beverage needs for upcoming meetings.

Refreshments and libations will be served.

If you didn't attend the Symposium Kick-Off, dues will be collected for the March 2022-February 2023 year for Individuals at \$25 and Family \$30. Members will have the advantage of receiving 10% discounts on non-sale plants at Grass Pad Nurseries, Family Tree Nurseries and John Shackelford Botanical Florist.

If you need further information, please contact Jeanne Lueders at 319-504-6464 / [Jeanne.lueders@gmail.com](mailto:Jeanne.lueders@gmail.com) or visit our website at [WLGC.org](http://WLGC.org).

We look forward to the upcoming warmth to our weather and a fun night of sharing!

Weatherby Lake Garden Club will meet for our Annual Brunch Buffet on Tuesday, May 10 at 10:00 AM at C Point Pavilion.

Members are asked to bring a side dish of salad, fruit or dessert to go along with the provided main entree.

The program will consist of "The How To in Planting a Pot of Annuals". Members are asked to bring their partially filled pot and the plants they wish to plant. Soil will be available to finish your design. Remember the thrill; the spill and the chill in choosing your plants. **RSVP IS NECESSARY BY May 3** to [Jeanne.lueders@gmail.com](mailto:Jeanne.lueders@gmail.com) or on the website at [WLGC.org](http://WLGC.org). Please indicate your side dish choice you will provide.

Planting is just around the corner and flowers will be blooming in full color!!

*Charcuterie Demo*

Our next WOW gathering will be on **Thursday, April 14** at 7:00 pm with **Amy Grothaus** as our special guest. She'll cover the 5 C's of Charcuterie, and will be showing us how to assemble a board plus a little education about cheese, fruit and dried meats. Don't miss this fun evening!

*LUAU*

We'll be enjoying a Luau for our season finale on **Thursday, May 12!** We'll have great food, dancing and more. This will be held at C-Point at 6:30 pm. RSVP will be required but more info coming soon so stay tuned.

Hope to see you at both events as we finish up the season and head into summer!

*Educational Scholarships*

Once again we are offering one \$1,500 academic scholarship to ANY Weatherby Lake resident: graduating seniors, or individuals pursuing continuing education, trade or other certificate programs. We work throughout the year to raise money to support this scholarship and are actively promoting good things for our residents! Application forms will be on our website soon or email us if you know of someone who might be interested.

*Nominations of New Officers*

It's time to elect new officers for our club and we need your input! Serving with the Women of Weatherby is fun and rewarding, and it's a great way to give back to our community.

At our April 14 meeting we will be announcing nominations for the positions of President, Vice President, Secretary and Treasurer. As a member, you can nominate yourself or someone else to serve. In order to qualify, you must be in good standing (paid) and have attended at least 3 meetings during the 2021-2022 calendar year (Sept thru May). The nominations can be made in person on April 14 or you can email them to [wlwomensclub@gmail.com](mailto:wlwomensclub@gmail.com).

# KNOW THY NEIGHBOR

*In-home monthly, fun & casual, gatherings for All residents for the purpose of getting to know your neighbors.*

On a Saturday of each month at 7:00 PM, October thru May, volunteer Weatherby Lake residents rotate hosting a casual social gathering in their homes. There are two options for the gatherings each month, either a casual sit-down meal or a Happy Hour style gathering with just appetizers. A host determines the number of guests they have. Neither the host nor the guest knows the identity of the other guests ahead of time.

The focus for both styles of the small group gatherings is not on the food, but rather on meeting neighbors, getting to know one another and developing friendships.

### I WANT TO PARTICIPATE, WHAT DO I DO

**FOR NOW:** To be on the monthly reminder list, just email us your NAME, PHONE NUMBER AND EMAIL

ADDRESS to: [KNOWTHYNEIGHBOR1@Gmail.com](mailto:KNOWTHYNEIGHBOR1@Gmail.com)

Each month you will be sent a reminder of the upcoming gathering. If you choose to participate that month, (you are not required to attend every time), you then choose either the sit-down option or the Happy Hour. Then you will be sent the location and food assignment for your gathering. See Option descriptions below.

**Attend a Dinner:** You will take one pre-assigned dish (appetizer, vegetable, salad with bread, or dessert), and your own beverage of choice.

**Attend a Happy Hour:** You take an appetizer and your own beverage of choice.

**Host a Dinner:** You provide your home, the main dish, water, coffee and tea.

**Host a Happy Hour:** You provide your home, one appetizer, tea and water.

**Due to the personal nature of in home gatherings for KNOW THY NEIGHBOR, the new season for KTN will not resume until a later date. Please watch for upcoming information for 2022.**

[KNOWTHYNEIGHBOR1@gmail.com](mailto:KNOWTHYNEIGHBOR1@gmail.com)

**NOTE:** **KNOW THY NEIGHBOR** is celebrating over 30 years of bringing Weatherby Lake neighbors together. As we begin this new season, we are updating the email list. Make sure to email your name, address, phone number, and the email address you prefer to be contacted at if you would like to be included. This will insure that you will receive the monthly reminder. Send your info to [KNOWTHYNEIGHBOR1@Gmail.com](mailto:KNOWTHYNEIGHBOR1@Gmail.com)

## NEIGHBORS HELPING NEIGHBORS

### Volunteer caring and temporary assistance for Weatherby Lake residents in time of need.

**NEIGHBORS HELPING NEIGHBORS** is a Weatherby Lake program composed of resident volunteers willing to help in a variety of simple ways. Sometimes that might be offering to take a neighbor a meal, cut the grass, clear snow, assist them in getting to an appointment, or just a friendly visit to help cheer. Accidents and times of grief occur to all of us and a caring neighbor sharing kindness can be a tremendous help. It's those occasional small acts of kindness that can make a huge difference.

We do not take the place of professionals or replace family responsibilities. We are simply your next door neighbors who are willing to volunteer help where we can, and we need YOU to help be a part of watching out for one another. Do you know someone who could use a temporary hand with something? Would you be willing to share an occasional small amount of time and effort to help someone in need? Do you have a talent that might be really helpful? The list of possible needs is varied. Typically, we might go for months without needing to offer our help, and even if we are called on to help, it is rarely more than once a month.

**NEIGHBORS HELPING NEIGHBORS** is always hoping to improve how we can be of assistance to one another. But, as caring neighbors, we could be limited in certain ways that assistance might be needed. We have developed an agreement with the PLATTE COUNTY SENIOR FUND program to work with them in ways that will assist Weatherby Lake residents to receive the best help available.

For general questions and information, or if you know reliable skilled resources that might be willing to help, contact Pat Medill, 456-2007. [PRMedill@aol.com](mailto:PRMedill@aol.com)

#### YOUR PRAYERS ARE NEEDED

We would like to increase those participating in our private prayer chain. Please let us know if you could offer an occasional prayer in this special private way to volunteer for your community.

# Weatherby Single Senior Friends

For all single senior residents at Weatherby Lake,  
including never married, divorced, or widowed.

This is a great support and social group that gets together monthly.

We have informal home gatherings that include  
a simple potluck style meal,  
attend Weatherby Lake social events together,  
have creative and informative discussions,  
make new friends, support each other.

This is NOT a match-up or dating group,  
just good friends sharing fun and supporting one another.

We are exploring establishing a security buddy system for single seniors  
who live alone. Let us know your thoughts and ideas.

*NOTE: Currently, we are not gathering, but we hope that this will change soon when everyone feels more comfortable with in-home gatherings. In the meantime, we are updating our list of interested Single Senior Friends. To get on the current list, please send your name and contact info to [IntlFriendsInc@aol.com](mailto:IntlFriendsInc@aol.com).*

*We look forward to having you join us.*
