"GET OFF THE TRAIN---SLOW DOWN"

That fast train that everyone talks about being on, I think it leaves from my back door. And, I'm usually running to catch it, with my "still-to-do" list in my hand. Yes, we live in a community that offers far more than we can ever do. But, the trick is not to join every club or committee, but to wisely recognize what our talents really are and where we can make the best contribution for the benefit of others in our community. It's not about who goes to the most club meetings, but who works behind the scenes around the neighborhood. Who helps that senior granny with her weeds, or helps keep our lake water clean, or serves on a committee that donates multiple hours every month, keeping our community safer and kinder...and never expecting recognition, payment, or even a thank-you.

We all moved here at some time....1 year ago, or 60 years ago, because we were drawn here by the Lake. But, the Lake is just the frame that holds a much more valuable scene. It's those we call friends...those we unselfishly care for, and who do the same for us. It's wonderful to live in a community where we can have fun together, on, in, and around the Lake. It's a priceless gift to live in a community that has our back if we need that, too.

Taking time to reflect on our community family, and what that means to us, can be a valuable reminder of our personal role and responsibility in the giving and receiving. As the waters cool and the leaves fall, and we turn inward, perhaps reflection time will come to us. May we all grow within and learn new ways to be that better family.

Mayor's Comments

Hello from City Hall,

All too soon another boating and swim season has come and gone again. The weather mostly cooperated for another great year of lake enjoyment. Once again it's time to think about winterizing watercraft and preparing for autumn and winter around the house.

As many of you are by now aware, a couple of unauthorized non-members launched their boat from a private boat ramp on the west side of the lake and were quickly discovered by the WLIC Water Patrol. Our Weatherby Police were called and arrived at the scene about the time the boat was pulled out onto the trespassers' boat trailer. This is where the controversy began. Obviously 'The City' can only enforce situations like this 'legally', meaning in a Missouri State-authorized, legal manner.

Immediately WLIC representatives requested that our police 'impound' the boat and trailer and arrest the trespassers. The responding officer advised that we, 'The City', were unable to legally impound the boat and trailer but the trespassers were each issued a ticket. That decision was verified up the Police Departments' chain of command up to, and including our City Attorney. As a WLIC member myself, I also was frustrated to learn this but 'The City' can't break the law to enforce our rules.

Like every other WLIC member, I complete the annual training about Zebra Mussels and am concerned about keeping this invasive species out of our beautiful lake. Our Police Department is very knowledgeable of our laws but there is only so much we can legally do. Our two WLIC access areas now have cables across them because of a similar incident many years ago. As you may or may not know there are a very few private lakefront homes that own a concrete boat ramp and it was from one of those properties where this boat was launched...the ramp had a 'No Trespassing' sign barrier, but it was on the ground. It is not clear who or when it was removed.

I am not throwing shade by any means on my counterparts at WLIC and consider our two entities to be 'co-partners' in this endeavor we call 'Weatherby Lake'. Our City Municipal Judge found the two trespassers guilty, imposed a 90-day suspended sentence, with probation to include staying off of WLIC property for 2 years, and both were fined to the maximum allowed by law of \$500 each. It's my hope going forward this is the last time we all have to deal with this issue.

A fall City Wide Clean-up is scheduled for the first weekend of November; the 3rd, 4th and 5th, Friday thru Sunday, for Weatherby residents only. We will only accept yard waste - behind City Hall as usual.

On a personal note, I just had my fireplace inspected and it had a clean bill of health. I've had two chimney fires in my lifetime and 'no', neither structure burned down, but the flues needed to be repaired afterwards. It was both a scary and expensive event. If you burn your fireplace in the winter, I recommend you have it checked yearly as I do.

Enjoy the cooler fall weather and GO CHIEFS!

Resident & Community News

Bill Maxwell

Our deepest sympathies are extended to Denise Maxwell Older (Ed Older), Don Maxwell & Doug Maxwell, children of Bill Maxwell, who recently passed. Bill and

Bettie Maxwell had been long, long time residents (1979) of Weatherby Lake.

Bill volunteered on many committees, including Boat & Dock Inspection. He was Director of WLIC, and Mayor of Weatherby Lake. He helped get street lights and sidewalks and a bridge for the safety of our community. Bill will be remembered and missed by all.

Our community deeply mourns the recent loss of several of our neighbors. They are our friends, community leaders, and loved ones, and we search for the courage and strength to continue on without them. It has been a particularly sad time for many. Please extend your prayerful support to the families and loved ones shown

Dorothy Devaney

Deepest sympathy and prayers are sent to the family of Dorothy Devaney on the sad passing of Dorothy. Jack and Dorothy were long, long time (decades) residents of WL. Dorothy was active in

just about every committee possible, if it was to help others and make Weatherby Lake a better place for everyone to be. Dorothy gave of her time and energy for others...never asked for thanks or recognition. We are sadly missing Dorothy every day.

Jeanne Shinn

Sincere Condolences are extended to the family of Jeanne Shinn on her recent passing. Bill and Jeanne were long time residents at Weatherby Lake. Jeanne touched many lives with her kindness and creativity and was always willing to help her neighbors. Jeanne will be missed my many.

Jacob "Jake" Crowder

Heart felt sympathies and prayers are extended to Lacy Crowder and family on the untimely death of Lacy's husband, Jacob "Jake" Crowder. Fairly recent to our community, Lacy & Jake were just making this their home. We pray for strength for the family.

Bob Szabo

Deepest sympathies and prayers are extended to Mary Lou Szabo and family on their recent loss of Bob Szabo. Bob & Mary Lou have been long time residents at Weatherby Lake, where Bob enjoyed the simple pleasures of serving his family and our community. He was an inspiration to all of us and will be sadly missed.

John VanCleave

Our condolences are extended to Jack & Sharon VanCleave and family, on the recent death of Jack's brother John VanCleave. John was a good hearted friend & family man who will be missed by all who knew him.

In a few short weeks, we will change the time (Fall Back an hour on November 6th). Often with the time change, daylight hours may affect our vision, reaction times.

It goes without saying that some of our streets continue to have cars speeding through our community. Here are a few reminders:

- Walk facing traffic (do you wear light color or reflective clothing, carry a flashlight)
- Wear your seatbelt, even for short trips
- Our local speed limit is 25 mph--- Tailgators find it a challenge with our hills.
- Focus on driving/walking---Animals, radio, other people with you may all be possible distractions

Stay safe out there!

FRIENDS OF WEATHERBY LAKE HISTORY

The Weatherby Lake Historical Committee is extending an invitation to those residents who might have an interest in the history of our community, but don't feel like they can commit to serving on the main committee. We have a special group of residents who might like to help out now and then with a small project that will not require attendance at regularly scheduled meetings or a commitment to volunteering extended time. This is a great way to help at your convenience and interest. We keep your name on our "Friends of Weatherby Lake Historical Committee", and notify you when we might be in need of an hour or two to help freshen the Anders Jack Cemetery, or just let us know when you have an idea about our upcoming historical markers or thoughts on how to enhance our history preservation.

Let us know if you would like to participate. We are eager to welcome your ideas.

Please contact Judy Shafe, WLHC President, or Pat Medill, Friends of WLHC.

Life Happens Between the Cup and the lip.

Like a distant island that slowly comes into view, so was the beautiful day of sailing that finally came into focus. Blue skies, perfect temperature, and a constant, cool breeze.

I strolled down to the boat early in the morning, took my time taking off the cover and draining any water that lay below. The boat was perfect, and I felt like I was working on a champion thoroughbred ready to stretch its legs cut through the water with relentless precision. Today was the day to win.

The rest of the boat preparation was quick and without a hitch. About a half hour before the gun, we cast off for the starting line. Kim was at the helm, I manned the mainsheet, and our neighbor worked the foredeck.

The first mark found us in second place, we raised the spinnaker and raced down to the dam. Rounding the mark, we stowed the spinnaker and headed back up to the D mark. At times I would look back at Kim in pure joy, relaxing and taking the boat as far into the wind while maintaining speed. She pointed higher than any other boat on the lake. The boat and her were in their element as if wrapped in a thick blanket of nature at its best. I was so proud of all of it.

By the time we reached the windward mark we were on the lead boat messing with its wind as we brought up the spinnaker for the second and final leg. The lead boat hesitated for a second getting caught in poor wind and we saw our chance. Kim stayed wide of the poor air, and we pulled into first place. Alleluia the saints are with us today!

The wind started to blast in from the west and what was a run soon became a reach. Fred pulled the spinnaker to the leeward side, now having the main jib and spinnaker giving us a galloping stride. 80 more yards to the mark and we would round it for the finish line. All looked perfect.

Then somewhere between a loud snap and an explosive boom something terrible happened. I looked up to see the inner stroud of the rigging on the windward side hanging in mid-air. We now had a good chance of blowing out the mast and causing a complete failure. Immediately I yelled at Kim to pull up to the wind. Fred and I doused the spinnaker. The three of us looked at each other in complete shock. The rigging dangled like a broken leg on a thoroughbred. I felt like something in me broke inside, snapped like the rigging as we watched the fleet pass by us to the mark.

We carefully sailed home using the other side rigging and limped on to the lift. We had failed. We pushed the boat too hard. She gave us all she had. We pushed her harder. There are no lessons, just mending the boat and heart. As I walked away from the boat that night I paused and looked back down on her to thank her and the lake for being alive. Right now!

NEIGHBORS HELPING NEIGHBORS

Volunteer caring and temporary assistance for Weatherby Lake residents in time of need.

NEIGHBORS HELPING NEIGHBORS is a Weatherby Lake program composed of resident volunteers willing to help in a variety of simple ways. Sometimes that might be offering to take a neighbor a meal, cut the grass, clear snow, assist them in getting to an appointment, or just a friendly visit to help cheer. Accidents and times of grief occur to all of us and a caring neighbor sharing kindness can be a tremendous help. It's those occasional small acts of kindness that can make a huge difference.

We do not take the place of professionals or replace family responsibilities. We are simply your next door neighbors who are willing to volunteer help where we can, and we need YOU to help be a part of watching out for one another. Do you know someone who could use a temporary hand with something? Would you be willing to share an occasional small amount of time and effort to help someone in need? Do you have a talent that might be really helpful? The list of possible needs is varied. Typically, we might go for months without needing to offer our help, and even if we are called on to help, it is rarely more than once a month.

NEIGHBORS HELPING NEIGHBORS is always hoping to improve how we can be of assistance to one another. But, as caring neighbors, we could be limited in certain ways that assistance might be needed. We have developed an agreement with the PLATTE COUNTY SENIOR FUND program to work with them in ways that will assist Weatherby Lake residents to receive the best help available.

For general questions and information, or if you know reliable skilled resources that might be willing to help, Jan Leonard 816-800-2440, Whrby2012@gmail.com. For grief support, contact Kathy Birmingham, 816-741-1753 d.Birmingham@sbcglobal.net

YOUR PRAYERS ARE NEEDED

We would like to increase those participating in our private prayer chain. Please let us know if you could offer an occasional prayer in this special private way to volunteer for your community.

WEATHERBY SINGLE FRIENDS

In the coming months we are looking to gather information and interest in reestablishing the Weatherby Single Friends Group and the type of activities that would be enjoyed by the participants of all ages, never married, divorced or widowed to socialize, support, meet new neighbors, learn from one another and have fun together.

In seasons past this was a thriving group here in our community and although times and demographics have changed we are hoping it can once again be a positive resource within our community. Some possible activities would be: group lunch/dinners...potlucks...creative or educational events...community service projects... movies...music venues...theatre...game nights...cycling...walking/hiking...boat rides...attend local activities in the area.

Once the interests are known, the schedule of events and timing can be established to meet the needs of the participants. If you are interested, know of anyone who might be, or have any suggestions please reach out and introduce yourself to Laurie or Pat.

SAV's Mission for 2023 -

This year, SAV is sponsoring an important project here right here at Weatherby Lake. We plan to purchase and install six new ADA-compliant stone Honor Benches, which will face the Veteran's Monument at Birmingham Park (East of the dam). Each of the benches will be dedicated to one of the six current branches of the US Military Services.

We are hopeful that the installation of the Honor Benches will be completed in time to include their dedication as part of the November 11th ceremony.

If you would like to be a part of this project to honor the sacrifices made by the military on our behalf, we would welcome and appreciate your donation. Checks should be made out to **SAV**, with an **Honor Bench Project** notation, and can be mailed to, or dropped off, at City Hall.

Donations can also be mailed to our current SAV chairman, former mayor Patrick Botbyl at his address : 8110 NW Hillside Drive, Weatherby Lake, MO 64152.

If you would like more information on the Honor Benches project, feel free to contact Pat at 816-326-8268 or by email at PJBotbyl@aol.com
