

GIVE A MAN A FISH AND YOU FEED HIM FOR A DAY. TEACH A MAN TO FISH AND YOU FEED HIM FOR A LIFETIME.

Long time Weatherby Lake Fishing Club President Hank Nussbeck was observed recently coordinating the restocking a variety of several thousand fish fingerlings: 13,000 Fathead Minnows, 5000 Redear, 3750 Hybrid Bluegill, and 1700 Channel Catfish 8"-11". Hank informed the crowd, consisting of 70-75 excited onlookers, that the Trout will be delivered as soon as the

temperatures drop, maybe around the end of October or into November. Thanks, Hank, for once again providing a great service to your community. The crowd that gathered consisted of many families with young children eager to learn the sport of fishing. The WL Fishing Club sponsors free opportunities for anyone to learn how to fish, including a youth fishing clinic.

Sometimes when we least expect it or most need it, something so wonderful happens that it's just too uncanny to be a coincidence. At a Platte County gathering recently I ran into an old friend that I hadn't seen in 25 years. It only took a couple of seconds to make the connection and we couldn't wait for the presentation to finish so we could catch up with each other. A few decades ago, we had shared lots of great experiences doing fundraisers that would help benefit abused women and children in most of the counties in Northern Missouri.

After the meeting we spent some time "remembering when" and marveling at how that facility had grown to be in a position to touch thousands in an expanded part of Missouri. Sometimes we might wonder if our small efforts ever make a difference and we both shared how each of us had been having doubts about the value of our efforts in some of our current endeavors. We affirmed each other that it was not ours to measure. Just do the best you can at the time and it will be good enough. Some of our efforts have been scattered in distant places, far from home and beyond our watch. Again, it doesn't matter.

The message we took away from our chance meeting is: "While it might be personally gratifying to track the path

our deeds take, it is not a necessary criteria for those deeds to come to fulfillment. We can't fully give of ourselves if we are always looking backwards, no more than we can safely travel forward if we spend more time looking in our rear view mirror."

It was a good reminder that regardless of what basket we drop our pennies...even in obscure and distant locales, there is always a reward even if we never know the final results. I'm grateful for the lessons I have learned, both past and current, from those along the path.

In complete gratitude...

Mayors Comments

Welcome to autumn in the most beautiful city in the area! It was a hot and extremely dry summer but I may be missing it in another couple of months.

As you will read in Chief Davis' column, the City welcomes the newest members of our Police Department: Full time Officer Michael Nance, and Reserve Officer Forrest Woolley. Both of these gentlemen are United States military veterans. With Officer Nance's swearing in, the City has finally reached full police staffing. We continue to maintain excellent 24-hour police coverage and have quality reserve officers to call on as needed.

Working with the Board of Aldermen and the City department heads, we have had individual work sessions and have put together a very comprehensive 2019 budget. We will finish 2018 with another surplus which allows us to purchase equipment for both the Police and Public Works Departments and still have a reserve remaining.

Believe it or not the 2020 Census is right around the corner! City Clerk Gwen Cenac and I have already had a meeting with a representative of the US Census Bureau. There will be 4 different ways to complete the census: online, paper, telephone or a knock on your door (if the first 3 haven't been done first). You will begin to see folks walking around our city streets in March verifying that addresses truly exist. It is extremely important that everyone complete a census because it determines a wide variety of important things including Congressional representation and tax money coming home to Weatherby Lake, just to name a couple. As a side note, Marvin Postma, a former deceased Weatherby resident, was high up in the Regional Census Bureau. Marvin lived on Roberts Road and used to tow boats previous to Hank Nussbeck.

The Senior 'Breakfast Club' will meet at City Hall 10AM Wednesday October 10th, featuring Rick Neece, WLIC President. On November 14th, same time and place, the tentative speaker is Platte County 1st District Commissioner, Dagmar Wood.

Plan on attending the SWAT Oktoberfest on Saturday, October 6th at C-Point. Lots of German food, beverages and music. This is a fundraiser to purchase a 'Tiny House' for a homeless veteran.

As you go to the polls on Tuesday, November 6th, please consider a 'YES' on Proposition D. As I mentioned a couple of months ago, our City, County and State will benefit greatly by a 2.5 cent increase in the gasoline tax in each of the next 4 years. In 4 years the extra 10 cents per gallon of gas will bring Weatherby Lake \$27,000 for our streets, and Platte County would receive \$840,000. This will also fund the State Highway Patrol and the Department of Transportation (MoDOT) and is supported by the Governor, both US Senators and a wide and diverse coalition of business, farmers, labor and law enforcement. Go to www.SAFERMO.COM for more information.

Happy Halloween and Thanksgiving. Enjoy the cooler weather and the season.

I would like to take this opportunity to introduce our new full time Officer, Michael Nance. Officer Nance was sworn in on September 17th, 2018. Officer Nance graduated from the Blue River Community College Public Safety Institute in 2014 and is a five year veteran of the U.S. Navy. Officer Nance worked three years for the Kansas City Kansas Public Schools as a school resource Officer (SRO) assigned to a middle and high school. Officer Nance is currently assigned to field training with Captain Hachman and upon completion of field training will be assigned a duty shift. Please welcome Officer Nance to our community.

On several occasions completed residence check forms have been left in the water bill payment box outside city hall during non-business hours. Often these residence checks begin the day they are dropped off. To ensure there will be no lapse in the date the residence check is received by the Police Department I would encourage residents to utilize the Online residence check form located on the city's web page <http://www.cityofweatherbylake-mo.gov>.

The Jeremy Katzenberger Memorial Triathlon was conducted on 09-09-2018, with over 200 participants. By all accounts the event was a success with minimum traffic congestion. I would like to thank all the organizers for an excellent well-executed event.

Recently without prior warning the department was notified that three of our automated external defibrillators (AED's) were under recall and would require a large service charge to repair. The department had no budget or plans to repair or replace these AED's. After speaking with Darrell Coleman from the Weatherby Lake Irish American Club he agreed that previously donated funds to the department would be best served to purchase three new AED's. These three AED's have been ordered and will replace the recalled equipment. I wish to thank **ALL** the members of the Weatherby Lake Irish American Club for their continued support.

In the past weeks the Police Department has been called to several properties on tall grass/weeds. It is the responsibility of the property owner to maintain their property. City ordinance Weeds, High Grass or Other Vegetation 215.030 reads in part:

Failure To Keep Weeds, High Grass And Other Vegetation Cut And Removed, A Nuisance. All persons owning or occupying any lot or tract of land in the City shall keep the weeds, high grass and other vegetation growing on such property cut and removed. Whenever such weeds, high grass or other vegetation shall attain the height of eight (8) inches, it shall be deemed a public nuisance. The word "weeds", as used herein, shall be held to include all vegetable growths except cultivated plants, trees and shrubs.

Daily Violation: Each day that a nuisance shall be maintained is a separate offense.

Weatherby Lake Yacht Club Message from the Commodore:

Since many of us have lives beyond this wonderful playground of Weatherby lake it might do us well to remember open mindedness, vision, and caring for others can expand beyond the 2 mile radius of Weatherby Lake when we assess those in need, as most of us do, as well as our home here at Weatherby.

WLYC has also taken into account another vision: that is the feeling and learning experience of competing with other entities around the area with our junior sailing teams and coaches as a new and exciting time for all of us who support junior sailing, as well as the historical financial support for the junior sailors as we watch them grow in self confidence.

Please join us for the award dinner on November 17th at the community center at 7:00 p.m. Lastly, the Thanksgiving day sail on November 22nd will begin at 10 a.m. with brunch to follow at Rika Jolie's House, 7917 NW Potomac Ave. All please bring a covered dish or desert. WLYC will provide beverages.

I have enjoyed my year as Commodore and want to thank all who have put in so much of their valuable time and treasure creating and executing the Social and Sailing events.

Bon Voyage,

KNOW THY NEIGHBOR

In-home monthly, fun & casual, gatherings for All residents for the purpose of getting to know your neighbors.

New Season Dates

October 20, November 17, January 19

On the third Saturday of each month at 7:00 PM, October thru May (except December), volunteer Weatherby Lake residents rotate hosting a casual social gathering in their homes. There are two options for the gatherings each month, either a casual sit-down meal or a Happy Hour style gathering with just appetizers. A host determines the number of guests they have. Neither the host nor the guest knows the identity of the other guests ahead of time.

The focus for both styles of the small group gatherings is not on the food, but rather on meeting neighbors, getting to know one another and developing friendships.

I WANT TO PARTICIPATE, WHAT DO I DO

FOR NOW: To be on the monthly reminder list, just email us your NAME, PHONE NUMBER AND EMAIL ADDRESS to: KNOWTHYNEIGHBOR2@gmail.com.

Each month you will be sent a reminder of the upcoming gathering. If you choose to participate that month, (you are not required to attend every time), you then choose either the sit-down option or the Happy Hour. Then you will be sent the location and food assignment for your gathering. See Option descriptions below.

Attend a Dinner: You will take one pre-assigned dish (appetizer, vegetable, salad with bread, or dessert), and your own beverage of choice.

Host a Dinner: You provide your home, the main dish, water, coffee and tea.

Attend a Happy Hour: You take an appetizer and your own beverage of choice.

Host a Happy Hour: You provide your home, one appetizer, tea and water.

NOTE: **KNOW THY NEIGHBOR** is celebrating over 30 years of bringing Weatherby Lake neighbors together. As we begin this new season, we are updating the email list. So, even if you have been on the previous contact list, you will need to sign up, again. Just email your name, address, phone number, and the email address you prefer to be contacted at. This will insure that you will receive the monthly reminder. Send your info to KNOWTHYNEIGHBOR2@Gmail.com
