IT'S A LOVE/HATE THING

Frequently, we discover that many of those things that appeal to us, we can at the same time, have a strong aversion to. It reminds us that perfection is scarce on many levels. Our community is no different. Oh, sure, we live in an amazing place that has been nurtured for decades by those committed, dedicated, giving, kind and generous predecessors. And, our place of paradise provides us with nearly unlimited sources of fun, friends, socializing and relaxation. But, not always nor in all ways.

My favorite moments of a day are outside early in the morning...sometimes just before dawn...and again just after sundown. There seems to be calmness in the beginning and ending of a day here at the lake, unless...the planes are taking off in a roar overhead. Here is where the appeal/aversion comes into play. I love planes and have all of my life. As a child I used to lie in our backyard and try to imagine what it looked like on the inside of one, or who the people were and where they were going. I had never been on a plane then and didn't have my first experience flying until I was in my late teens. But, I was totally fascinated with planes and my brothers and I would actually run outside to watch one fly over. We loved the power we heard and felt.

Today, our community shares mixed feelings about that roar of the jets. But, if I am outside and one flies over, I will always look up, even though I have flown hundreds of times and now know what it looks like inside, I am still in awe of the power displayed and I envision the travelers and imagine their destinations.. Both Bob and I worked at TWA so we had plenty of opportunities to explore planes up close. We could examine the amazing parts of the landing gear, the jet engines, the cockpit, everything. I loved it and still vividly recall those experiences. But, I remember how our office

would rattle when they tested the engines and the roar was so loud we couldn't talk on the phones.

Several years ago, I helped with the Noise-abatement committee here at Weatherby Lake. It seemed like the thing to do...to divert the planes around our lake and not over it. I still believe that is best for our community, and I am hoping that committee will find new ways to protect our property values and be successful in getting the planes diverted. However, I personally love those planes and will always look up.

People can be like planes sometimes...captivating to look at, but disturbing our serenity with their deafening roar of power. Rather than form committees to attempt to direct or tone them down, wouldn't it be great if they would recognize the need to do that themselves and we could all live more peacefully? But, hey...I will love them anyway.

Mayor's Comments

Get ready for all of the 4th of July festivities!

Many events happen at the best city in the world this time of year; from a WLIC vs The City Annual Softball Game on Sunday, June 30th, Sand Volleyball on July 2nd, a full day of activities on July 4th, a SAV dance on July 5th at C-Point and another the next night by the Yacht Club on Saturday the 6th of July. **If you haven't had the opportunity to contribute to the fireworks fund, it's never too late to do so at City Hall.**

You have probably noticed that the City painted the speed limit sign on the road pavement at Eastside Drive and Barry Road. Recently on Facebook many reacted positively when Rick Footer asked for feedback on doing more of this and other measures elsewhere on our streets. Upon approval of the Board of Aldermen, we anticipate painting more speed limit signs. However, it is my concern that there could also be 'too much of a good thing', so we will proceed cautiously and accordingly. All of these initiatives are due to feedback we received last fall from City Long Range Planning sessions.

Many are concerned that our police don't write enough speeding tickets. I will assure you that we have stepped up our enforcement and wrote more tickets last month than we ever have before. On occasion, the police, also, use two cars simultaneously and ticket those that think once they see a police car the coast is clear for speeding. In the last few days a neighbors medium size dog was hit and killed in the street in view of my kitchen window. Unfortunately we have residents that feel the need to recklessly exceed the speed limit and be distracted by a cell phone while doing so. It's not just the outsiders that 'cut through', it's our residents too. Our police are aware of that, as well, and are being proactive thru community relations.

I am pleased to inform you that the City has inked an agreement with Water District #6 to install reciprocal connections of water in the event of an emergency. We did this due to the fact that neither entity has more than one current water source. It is anticipated to be completed by late fall.

I am happy and proud to announce that we have hired a new police officer, Victor Correa. Officer Correa is a pleasant, outgoing individual and will complement our entire Police staff. Please welcome him when you see him out on patrol.

Be aware that the trash pick up will be delayed this week. Trash day this first week of July will be Saturday, July 6th.

From your staff at City Hall, everyone please have a safe and enjoyable 4th of July holiday week and weekend.

The Weatherby Lake Improvement Company reminds everyone as we kick off the spring-summer season please do not leave any unsecured items: fishing rods and tackle, coolers, life jackets, paddles or any item of value on your boat(s) unattended.

As the 4th of July holiday is approaching it is important to know the city ordinance regulations on fireworks. Weatherby Lake Ordinance #210.225 Fireworks reads in part:

The following types of fireworks are always prohibited within the City of Weatherby Lake, and it shall be unlawful for any person to carry on or about his/her person, use or display the following (unless authorized by the provisions of Subsection (F) of this Section):

All aerial devices. Including, but not limited to, sky rockets, missile-type rockets, bottle rockets, helicopter aerial spinners, Roman candles and mine shells.

Audible ground devices. Containing over twenty-five (25) milligrams of pyrotechnic composition, including, but not limited to, firecrackers, chasers, M-80's, cherry bombs, etc.

The following types of fireworks are allowed within the City limits of Weatherby Lake on July 2, 3 and 4 between the hours of 9:00 A.M. and 10:00 P.M.:

Ground and hand-held sparkling devices. Such as sparklers, cane fountains, wheels and ground spinners.

Audible ground devices. Containing twenty-five (25) milligrams or less of pyrotechnic composition, such as small firecrackers and lady fingers.

Novelties and trick noisemakers. Not classified as common fireworks by the United States Department of Transportation, such as snakes, smoke devices and snappers.

The staff of the Weatherby Lake Police Department wishes everyone a happy and safe 4th of July holiday!!!!!!

WL Historical Committee

Giving the past a future

The Weatherby Lake Historical Committee has been diligently looking at the next historical marker project.

It has been determined that the Weatherby Lake Community Center will be the next site for a historical marker. The goal is to have all facets of the project in place for the presentation of the marker sometime during the fall of 2019. History has been acquired and researched for accuracy. It is a dedicated goal of the Historical Committee to recognize those places within our community that have an important history connected with it.

The Anders Jacks Cemetery now has a great historical marker to help recognize its importance to Weatherby Lake's history. The Historical Committee is mindful of these special places and is committed to recognizing them.

Funding for future markers is a priority with the Committee. Donations for these special projects are gratefully accepted.

WL HISTORICAL COMMITTEE

The Weatherby Lake Historical Committee is made up of seven (7) members and two (2) alternates. The members are appointed by the Mayor from the public at large, and are subject to the approval of the Board of Alderpersons. Each member must be a resident of the City of Weatherby Lake, and serves for a term of three (3) years.

WLIC Update

Hello fellow residents of Weatherby Lake. I am Bella Catano, your 2019 summer intern. I am super excited to be working within the community I live in. I am going to be a senior this coming fall at William Jewell College. I am a student athlete studying Business and Nonprofit and also playing soccer there. I was really interested in the WLIC internship because I wanted to see how things worked around the lake, work with a nonprofit, and get more involved in my community. So far this job has helped me accomplish those goals.

I have already completed so many fun and interesting things regarding the lake and this community. One of the tasks I do is to test water every week for E. coli levels. Closing the lake is never the optimal choice, however keeping the community safe is the WLIC's largest priority. I have also been responsible for kayak rack inspections, which is just ensuring people have the correct identification and permits on their kayaks. I really enjoy getting the opportunity to be on the lake. I got to go help Beth place new lights on buoys and even got to move a buoy to the middle of a cove. We just recently placed a brand new bouy close to the Venita Access Area to signify the area where boats should go slow enough to protect members using the Venita Access Area, since it is a no wake zone.

I also help with anything they need me to do in the office. Which ranges from a wide variety of tasks including answering phone calls to sending out dock and kayak rack offers. This past week, I helped with planting new plants at the Pease property. I was the water girl, so I gave each plant the water it needed for that day. I also attended my first board meeting. It was very rewarding to be an honorary board member.

The first week I started working I had the opportunity to help plan and set up the Lake Season Kickoff. I helped to create the sack lunches we gave out, which surprisingly took us about three days to do. After all of that, I got to work the actual event. I helped set up at the Pease property and then we handed out the sack lunches we created. I thought the event was very fun, maybe I'm biased because I helped set it up. A good crowd attended which was the goal, hey who doesn't love free lunch!

I have been here for just about a month now and I can tell you that everyday brings a new challenge. Beth, Rick, and Larissa are constantly adapting to what the days throw at them. It never ceases to amaze me how well all of them deal with it. They couldn't complete their work without the awesome volunteers that the WLIC has. These awesome volunteers help the WLIC with so many things. They help to get water for E. coli testing, help set up summer kick off, and everything in between to help keep the lake safe and beautiful.

I am excited to see what this next coming month has in store for me regarding my internship. I will be sad when I have to leave but I am deeply grateful to have received the opportunity of being an intern with the WLIC.

One man noticed another man's deed!

Sometimes it takes an observant eye to see a hero in action. Here is an account of that observation in our city:

To All,

I commend to you Weatherby Lake resident Trevor Clapp, 8207 NW Miami. On Saturday, 15 June 2019 Trevor decided the C-Point beach and dock were an unhappy mess littered with goose poop and a poor play ground for bare foot children. So he fixed it.

He went home.

Got his long handled flat bladed shovel and garbage can and went to work scraping up C-Point beach goose poop wherever he found it. A community good deed --indeed! Thank you, Trevor., the one man Goose Poop clean-up champion.

He made me think, why didn't I do that?

SOMETHING TO THINK ABOUT

Please remember to carry your doggie bag when you are out walking your pooch and pick up after them. This means in ALL areas, private lawns, parks, streets, and the dam. It's basic courtesy and helps prevent lake pollution. And, when you are walking (with or without) your best friend) please be considerate to oncoming drivers and **get completely off the road.** Accidents happen.

SAV (Supporting America's Veterans) Independent Day Dance

We need your help with donating desserts (store bought or homemade are both fine!) for the Independence Day dance on Friday evening July 5 at C-Point from 6-10 pm. You can drop off desserts beforehand at the home of De Surma, 10207 NW 72nd Terrace, or bring to C-Point prior to 6 pm. Hope to see you at the July 4th parade and festivities as well. Thanks in advance!

Weatherby Lake Yacht Club

It's July, and the WLYC is preparing for some fun events for everyone. But first we must say a word or two about our Progressive Dinner. Wow!! Island Hopping in the BVI's . What a great party. With three bars set up for the event opener, Willy T's, The Soggy Dollar, and Foxy's. Then the dinner with a great band. Great food, lobster and Shrimp, and all the BVI special drinks. One of the most well attended PD ever. Thanks to all who participated.

Too bad that rain came and washed away our Auction.....and speaking of Auctions, on July 6th at C—Point, we are have the first ever 4th of July **WLYC Red, White and Blue Party....** Starts at 6pm..with the **Jr Sailing Fund Raising Auction** being held in between sets played by the 9.9rs. Michael Aldridge is roasting a **Star Spangled Pig** along with all the fixing.

At the beginning of the evening, we are holding another first...**The Cardboard Boat Regatta....** Registration at 5pm, races at 6pm. You are welcomed to participate in....just build a cardboard boat and you're in. This is a fun event. Never know what will happen.

So join the Yacht Club....just \$65 a year, and you can attend and participate in these great parties we are holding. We are always looking for new members, new ideas and more involvement in what would be..your club.

One of the coolest things that you get for being a member of our Yacht Club, is that you can go to most all other yacht clubs across the country and sometimes other countries by just showing them your membership card. Now isn't that cool.

Plus, our junior sail program just reached a new level. In June, our instructors took a US Sailing Level 1 training course held right here at WL, and all three passed. Our program is progressing just like everything else here at WL. Also remember, you do not need to be a member of the YC to have your children or you grand children participate in Jr Sailing. The YC provides this service to all of WL residences.

Other events: last Friday night was **Light Up the Lights** event...what fun. Thanks Ray Staton for organizing this fun event. And on July 20th, another fun event for the whole family, **Rays Balloon Race**. Commodore Jim Kennedy

KNOW THY NEIGHBOR

In-home monthly, fun & casual, gatherings for All residents for the purpose of getting to know your neighbors.

**We will be off for the summer.
Sign up for the new season beginning October!**

On the third Saturday of each month at 7:00 PM, October thru May (except December), volunteer Weatherby Lake residents rotate hosting a casual social gathering in their homes. There are two options for the gatherings each month, either a casual sit-down meal or a Happy Hour style gathering with just appetizers. A host determines the number of guests they have. Neither the host nor the guest knows the identity of the other guests ahead of time.

The focus for both styles of the small group gatherings is not on the food, but rather on meeting neighbors, getting to know one another and developing friendships.

I WANT TO PARTICIPATE, WHAT DO I DO

FOR NOW: To be on the monthly reminder list, just email us your NAME, PHONE NUMBER AND EMAIL ADDRESS to: KNOWTHYNEIGHBOR2@gmail.com.

Each month you will be sent a reminder of the upcoming gathering. If you choose to participate that month, (you are not required to attend every time), you then choose either the sit-down option or the Happy Hour. Then you will be sent the location and food assignment for your gathering. See Option descriptions below.

Attend a Dinner: You will take one pre-assigned dish (appetizer, vegetable, salad with bread, or dessert), and your own beverage of choice.

Host a Dinner: You provide your home, the main dish, water, coffee and tea.

Attend a Happy Hour: You take an appetizer and your own beverage of choice.

Host a Happy Hour: You provide your home, one appetizer, tea and water.

NOTE: **KNOW THY NEIGHBOR** is celebrating over 30 years of bringing Weatherby Lake neighbors together. As we begin this new season, we are updating the email list. So, even if you have been on the previous contact list, you will need to sign up, again. Just email your name, address, phone number, and the email address you prefer to be contacted at. This will insure that you will receive the monthly reminder. Send your info to KNOWTHYNEIGHBOR2@gmail.com
