## From the Editor

I believe everyone has their favorite place where they can find that calm within...where we just become right with the world. I have more than one of those mystical places, but certainly a sunny beach is high on that list. Throw in warm surf, a soft breeze, seagulls, dynamic sunset, champagne, loving friends, and, well...it is just the best!! I recently had one of those magical moments...it filled my soul with immense gratitude, not to mention life sustaining peace. It was one of those times when I felt I could transition right into the next phase quite naturally. I will keep that moment at the ready for future reflections.

As the sun sank into the ocean, we were sharing how life is a wondrous journey. So, we made an impromptu toast, "To the journey". Our champagne glasses caught the last ray of sunshine, and the gentle clink of the crystal sealed the magical moment.

Now, it is true...one does not have to travel to a sandy beach to experience those times....we have comparable offerings right here. The sunset was blazing pink across the lake tonight and the breeze was lovely...and there was an abundant opportunity for gratitude. I am determined to take advantage of the last few weeks of the warm season to capture enough of those moments to sustain me. I am reminding myself daily to pause and recall that feeling..."To the journey". I sincerely hope you do too.

## Mayor's Office

Dear Friends and Neighbors:

As I write this newsletter, the late season heat wave had broken over the weekend and I am now enjoying a very cool Fall day. Wow, what a difference. Cool temperatures and less humidity are certainly welcome.

Google Fiber continues to install their network around the city and the good news is that they are nearing completion of that phase. Maybe 2-3 weeks are remaining. Please note that Google will be responsible for restoring all areas affected by the installation so if you have any questions about the remaining work, please don't hesitate to contact them directly. The contact information remains on the city's website.

Just a quick reminder, the City of Weatherby Lake will be hosting their annual Veteran's Day tribute at Birmingham Park on Friday, November 11<sup>th</sup>. A brief program will be held with a guest speaker and the placing of a wreath beginning at 11:00am. Light refreshments will be served after the completion of the program by members of the Supporting Weatherby's Adopted Troops (SWAT) group.

Work will begin shortly to insert Insituform in the remaining clay sewer pipes. This project will extend the life of these older pipes by 20 - 30 years. Again, your patience is requested during this project.

Many complaints continue to come in regarding the noise being generated by airplanes taking off from KCI and flying over Weatherby Lake. I have advised residents to continue calling the KCI Airport Contact Mr. Bob Johnson who is the Manager of Operations. His number is 816-243-2313 and email address is [bob.johnson@kcmo.org](mailto:bob.johnson@kcmo.org) to share your concerns. In the mean time I am planning a more formal action on behalf of the city.

Lastly, I am in the final stages of preparing the 2017 budget projections for review by the Board of Aldermen. I anticipate that two work sessions will be conducted during the month of October to finalize the budget.

I hope you, too, are enjoying the change in the air as we welcome the Fall season. So, let me share a few lines from the poem by Pearl N. Sorrels entitled, "It Must Be October". "Oh, it must be October, the leaves of red, bright gold, and brown to Mother earth come tumbling down. The breezy nights, the ghostly sighs, the eerie spooky far off sounds. Are all signs that it is October."

Live life well in Weatherby Lake.

### HALLOWEEN

The end of the month will bring out the trick or treaters in the area so be especially alert for them while you are driving during the evening hours. If your children are going out for treats, please have them wear reflective or light colored clothing and carry a flashlight. Make sure their vision is not obscured by their mask. It is best to walk in groups and to have at least one adult for each five children with the group.

### SCAMS

We are still receiving reports of persons being scammed or attempts to scam someone. Please be cautious. The IRS doesn't call you on the telephone to threaten you for nonpayment. If you are lucky enough to win money, you will not be required to pay a service fee up front. Please do not give anyone your password by telephone or on line. If you think you are being scammed, please call the Police Department immediately.

### LOCK YOUR DOORS

Please remove your keys and lock the doors on your parked vehicles. Close and secure your garage doors. Several reports of thefts and persons prowling parked cars have been taken north of the river. Local police departments are investigating auto thefts and thefts from vehicles around the I-29 corridor. An unlocked vehicle or an open garage door is an invitation to a thief.

### KATZENBERGER TRIATHLON

The triathlon was a huge success again this year. Thanks to all the volunteers that helped make this great event occur safely. Thank you to all of the drivers who helped make this event safer by watching for the participants. The weather was wonderful.

### ENJOY THE HOLIDAYS

Let the Police Department watch your home. If you are leaving town for the Holidays, please contact us. Residence checks and residence watches are available and encouraged.

#### RESIDENCE CHECK

Officers do a complete check of the exterior of the residence. They check all windows and doors. They will pick up any papers and packages.

#### RESIDENCE WATCH

No physical checking unless something suspicious is observed or reported, a visual check only

Call 741-8111 or check the City web site, [www.cityofweatherbylake-mo.gov](http://www.cityofweatherbylake-mo.gov) to leave your information.

### HAVE YOU SIGNED UP FOR NIXLE?

The City of Weatherby Lake is using a new communications tool that allows residents to receive community alerts and advisories via email and text message. This service, called Nixle, is free to use (standard text messaging fees apply) and allows the City to send out timely information on topics like

## GARY McMULLIN CHIEF OF POLICE

severe weather warnings, road construction, traffic accidents, missing person alerts, and more.

To sign up for Nixle, visit [www.nixle.com](http://www.nixle.com) and follow the registration steps, or **click on the Nixle widget on the City Web Page**. You can choose to receive information via text message, email or directly at the Nixle website. You can also sign up to follow multiple agencies, which is beneficial if you want to keep track of what's happening in the communities where you work or visit, or if you have loved ones living out of town. Nixle is a great resource that allows us to easily reach followers with critical information related to our community. This tool allows residents to get updates directly from city staff in a timely manner.

#### **CITY STICKERS AND ANIMAL LICENSES**

2015 motor vehicle stickers and animal licenses will be on sale at City Hall beginning December 1st. City stickers are due by January 1<sup>st</sup> and become delinquent April 1<sup>st</sup>. **All dogs and cats** kept in the City of Weatherby Lake must have a current rabies vaccination and City license. Storage lot stickers are due September 1<sup>st</sup> and become delinquent December 1<sup>st</sup>

**Prevent a crime, Dial 911. Keep a watchful eye on your neighborhood. Call 911 immediately if you see or hear anything suspicious.

### W.L.I.C. Update

- The gates on the dam are closed with the lake at 24 inches below full pool. Members are being contacted to make seawall repairs if the WLIC inspector believes they are necessary. The WLIC will maintain the lake at this level for approximately two months while members complete their repairs. **Remember all seawall repair vendors must take the online zebra mussel course before they can begin their work.** Also, with the lower water levels, make sure to keep your boats and watercraft safe and secure.
- Remember the WLIC Annual Meeting will be a week earlier this year because of the national elections. Mark your calendar for Tuesday, November 1<sup>st</sup>. The meeting will be held at the Hilton KC Airport at 7:00pm. We hope all members will attend. You will be receiving more information regarding the meeting shortly.
- You will also be receiving some proposed changes to the WLIC Rules and Regulations for your review. Included with the changes are instructions as to how to respond should you care to do so.
- The WLIC water patrol will end their lake patrol season following the Oktoberfest celebration at C-Point Saturday October 1. We want to thank all Members for their cooperation in making our lake safe for all of us.
- The lake is experiencing a mild occurrence of Duckweed infestation during the latter months of the lake season. Duckweed is an invasive species of plant that reproduces rapidly if not contained. It looks like green slime on the lake from a distance, but is actually many, many tiny plants. During the heavy storms it washed in from

surrounding areas of our watershed. The WLIC is organizing a containment plan, but

since Duckweed can float to various points of the lake very quickly, we are asking members to "skim off" the Duckweed if it appears near their property so that it doesn't continue to spread.

- This fall, the WLIC will again partner with the Fishing Club to restock the lake. The stocking program for 2016 includes: 2,500 Catfish, 3,000 Bluegill, 2,500 Redear, 10,000 Fathead Minnows, and 400 pounds of Trout. All fish will be coming from state approved, licensed vendors -- Wallace Fish Farms and Crystal Lakes Fisheries.

Have a great Fall season and enjoy the beauty of our wonderful lake!

## October 31st - Halloween Trunk or Treat 6:00 - 7:30pm C-Point

I'm starting this month off with a huge Thank You to all of our families who donated items, made financial contributions and volunteered during our annual Families Club Garage Sale. We worked very hard and had lots of fun raising money for our youth events! We're all looking forward to a great year of amazing youth activities, beginning with our upcoming Trunk or Treat!

Our annual Trunk or Treat will be held October 31<sup>st</sup> at C Point from 6pm to 7:30pm. We ask that all cars handing out candy be in place by 5:45pm so that when the kiddos start, the traffic is at a minimum. We will be providing homemade chili and hot dogs again this year along with beverages. So plan to have dinner with us during the fun. There will be a donation jar set up for you to make a contribution to our events if you missed your chance during the garage sale! We are very excited to be holding this event for its 3<sup>rd</sup> year in a row. Last year we had over 200 people come out and play with us! We will have awards for the different categories of decorated trunks, so do it up right and go all out to impress the judges! Also, when parking for the Trunk or Treat, we start our lineup of cars closest to the pavilion and then follow the line towards the entrance. If you are not handing out candy, please park right by the entrance gates. We will have someone letting

you know when the space between the pavilion and bathrooms is full. We will not allow cars to drive through the trunk or treat area once it has begun at 6pm or the parking spaces are full. No exceptions. There are simply too many little ones wandering and playing for it to be safe. We hope to see all of you there ready to have some spooky and safe Halloween fun that night!

It takes a village to raise a child. Aren't you glad we live in a great one?

We all know someone who has died a terrible death as a result of first or second hand smoke. But the smokers are getting less and less. In fact, check these facts out and quit today!

92.2 % of those with a Bachelor's degree DO NOT SMOKE.

94.4 % of those with greater than a Bachelor's degree DO NOT SMOKE.

It is now known that cigarette companies purposely hid known facts about dangers of their product from us for several years.

Weatherby Lake is a prestigious and classy Community. Let's keep it "First Class".

Designating smoke-free outdoor areas just makes sense because it:

- Promotes healthy communities;
- Builds health your social norms;
- Create a healthier environment for children and families;
- Promotes more positive role model is for children by parents or others;
- Decreases chronic health conditions due to exposure to tobacco smoke;
- Decreases ER and medical visits due to allergy and asthma attacks from exposure;
- Secondhand smoke and trigger asthma attacks increasing the risk for blood clots and harm blood vessels;
- Decreases secondhand smoke exposure to non-smokers;
- Decreases exposure to the toxins and cigarettes;
- Is green and helps maintain our environments. Cigarette butts are the most littered item in the world, and they create high fire hazards;
- Helps break the connection between sports and tobacco and recreational leaders become tobacco free role models;
- Supports healthy or behaviors among youth;
- Helps smokers quit, reducing the number of cigarettes smoked;
- It helps nonsmokers to remain smoke-free; it reduces cost to smokers;
- Reduce his maintenance cost;
- Reduces deaths caused by smoking.
- Tobacco smoke contingent least 172 toxic substances and tons of carcinogens.
- Municipalities in MO like Kansas city, Lees Summit, et al., have already made all parks smoke free. In fact, in the US over 1,266 municipalities (which include several parks each) have already made all parks smoke free, and hundreds of beaches are smoke free (Citation from The American Nonsmokers Rights Foundation).
- Outdoor second hand smoking is highly toxic to children, and under certain conditions just as toxic as indoor smoke, and as if the child was smoking the cigarette themselves. Outside second hand smoke causes the same problems smoking causes, and it creates a substantial risk to the development and health of children, toddlers and infants, as their body (organs) develops.
- In a developing child, second hand smoke causes and aggravates asthma, sinusitis, rhinitis, cystic fibrosis, chronic respiratory problems such as cough, bronchitis, pneumonia, increases the number of ear infections a child will get by the swelling and obstruction and increases fluid caused by second hand smoke, in their ears, which then causes pain, inflammation, and infection. Second hand outdoor smoke also causes higher risk for hearing loss and a host of other conditions.
- Cigarette butts Littered everywhere in the beautiful community of Weatherby Lake. Cigarette butts are an unacceptable form of liter subject to fines. It's like any other type of liter. Yet you can find cigarette butts EVERYWHERE in our community, including parks, playgrounds, and other areas where children congregate.
- Inquisitive babies, Toddlers, children and animals can ingest cigarettes flicked on the grass causing stomach disorders including pain, toxicity, vomiting, and malnourishment in animals. In some cases it causes death.
- Barefoot babies, toddlers, small children and adults can step on a lit, flicked cigarette.
- Cigarette butts contaminate our environment, affecting our landscaping, lake water, trees, etc. The run off from cigarette butts laying around gets into the water, killing and mal nourishing fish and other wildlife. We now know the smoking industry purposefully hid the problems caused by smoking for several years.

Weatherby Lake is a prestigious and classy community. Let's keep it "First Class"

# Know Thy Neighbor

A monthly social gathering, to meet new friends, in the homes of our neighbors

On the third Saturday of each month from October through May, except in December, volunteer Weatherby Lake residents rotate hosting a casual social gathering in their homes. There are two options for the events each month, either an informal dinner, or a cocktail party. You can choose to participate in either one. Six to ten residents are randomly assigned to each host home, but neither the host nor the guest knows the other neighbors attending their event.

Informal Dinner Party 7PM - ?	
Guest	Provides 1 pre-determined side dish and BYOB
Host	Provides their home, the main dish, soft drinks, water, coffee and tea

Cocktail Party 7PM-9PM	
Guest	Provides 1 appetizer of their choice and BYOB
Host	Provides their home, 1 appetizer, soft drinks and water

The focus for both of these events is not the meal, but rather on meeting new neighbors, developing new friendships, and getting better acquainted with each other.

I want to participate, what do I do?

- Everyone in Weatherby Lake can participate either as a host, or as a guest.
- The number of host homes and participants will dictate the number of events that will be held for that particular month.
- Invitations will be sent via email at the beginning of the month. You can reply to the email indicating that you would like to host or be a guest, and what function you choose: dinner or the cocktail party
- You will be provided a food and location assignment for that month's event when you respond
- Hosts for the gatherings are voluntary – the host decides how many guests that they can accommodate at their home

The next Know Thy Neighbor gathering will be on October 15 at 7PM

If you would like to receive these monthly announcements, send your name and email address to:

## NEIGHBORS HELPING NEIGHBORS

### *Caring and Temporary Assistance for Weatherby Residents in Time of Need*

NHN is a community program for all of us to help each other in times of need, such as illness or other circumstances that limit our abilities, the death of a loved one, shut-ins, or in any way that one might need simple short term assistance. We do not take the place of professions or replace family responsibilities. We are your next door neighbors who are willing to volunteer help where we can, and we need YOU to help be a part of watching out for one another. Is there a category below that you might like to be a team member? Typically, you would not be called on more than once or twice a year.

For general questions and information, contact **Pat Medill, 741-1569** [PRMedill@aol.com](mailto:PRMedill@aol.com)

**CHILD CARE:** Babysitting in an emergency situation. **Bernie Botbyl 326-8268** [BTBStar@aol.com](mailto:BTBStar@aol.com)

Weatherby Single Friends is for all single residents on the Lake, including never married, divorced, or widowed. This is a great support and social group that gets together every month.

Fun outings, home dinners, creative discussions, service projects, etc. This is NOT a match-up or dating group, just good friends having fun, and supporting one another.

Birmingham Park  
Friday, November 11th, 11 am

**OKTOBERFEST** was a great success - thanks for your continued support

### What is SWAT ?

SWAT ( Supporting Weatherby's Adopted Troops ) was formed in 2008 to provide assistance in various forms to the Soldiers, Sailors, Marines and Airmen serving our country, now and in the past, with a particular emphasis on those who are currently deployed, and their families.

The SWAT Mission is to encourage our community's participation in making a positive difference in the lives of our Service Members and their families, as well as our much-appreciated Veterans.
