

THE STORY BEHIND THE LANTZ WELCH BRIDGE

THEN: The Lantz Welch Bridge originally being placed at Weatherby Lakes's North Cove & Barry Rd.

NOW: Today, Lantz's bridge stands strong at it's new home at Prairie Creek Trail in Platte County

Originally, Lantz Welch gifted Weatherby Lake with a footbridge that provided access across the north end of Weatherby Lake at Barry Road. Approximately 20 years later, when Barry Road was widened, the bridge was re-gifted to Platte County where it has set in a field waiting for just the right location to utilize such a fine bridge. **(Cont'd. HOPE~~GRATITUDE~~LOVE

The whole world watched when our Pope recently visited the US. Even non-Christians listened to his message of faith. His words were calming and inspiring...a welcome relief from the normal news of political hatred and greed that is forced on us.

So, what do we do with the message of hope that Pope Francis left us with? Is there some way we can hold his words close to our hearts when the negative side of life seems to overpower our belief that goodness will prevail? That is everyone's personal challenge.

The good news for all of us who live within the Weatherby Lake community, is that we have our own sanctuary all around us. There are abundant places that we can find to calm our soul and energize our spirit. Sitting in the middle of Weatherby Lake in a kayak, sailboat, pontoon or whatever your choice, has to be one of the best ways to get in touch with our spiritual heart beat. Walking around our many parks or just taking a few minutes to sit in our own back yards and listening to nature can certainly remind us of how blessed we are. Our quiet place does not have to be in a holy building, it can be in our very own personal space.

The summer days are slowly fading away, but we still have plenty of opportunities to capture that inner calm that we find under the

sky. It's a free gift for you to claim...don't waste it or let it go unused. Sharing that gift with someone can be an added joy. Thanks to one of my dearest and life-long treasured friends for sharing time recently with me in the quiet of the lake. That gift has multiplied itself within my being. That's how it works.

Find your quiet place...let it fill your soul with gratitude. Share it if you choose, but just do it however you can. And, remember the words of life that we heard from a great spiritual leader recently. Be kind to one another...it's a simple message of love.

*Peace & Goodwill -

Mayor's Office

Dear Friends and Neighbors:

One by one, my seasonal feathered friends are leaving Weatherby Lake and traveling to their winter homes. I am surprised however that one young hummingbird still hangs around the feeder. But I do enjoy its visits. Summer weather continues to stay around despite a few fall-like days early this month. Since this newsletter is a 2-month issue, by the time I write my next article it will be the holiday season.

We have been appraised by the Federal Emergency Management Agency of a new issue facing some residents of Weatherby Lake. It appears that there is a designated Special Flood Hazard Zone which may affect some portions of the lake. I am working closely with the WLIC and other specialists to fully understand this issue and be able to report back to you on what it means and what steps need to be taken moving forward. More to come on this subject.

At a public hearing on August 27th the 2015 tax levy rate for property taxes was approved. The tax levy rate for 2014 was \$1.8023 per \$100.00 of assessed value and the good news confirmed that the 2015 rate will be reduced to \$1.6192 per \$100.00 of assessed value. Thanks to all for your input and support.

On that note, the 2016 budget planning has begun. I plan to finalize the draft version of the budget recommendations this month and submit to the council for their review. A work session is planned for the month of October.

Patching of our roadways was completed during the summer and the weather finally allowed us to complete the center of the road stripping on Eastside, Westside, and Kerns. The staff continues to swap out the old water meters with the new ones as time permits and by the end of September we should be about 50% completed. Also, we are planning our annual citywide clean-up for the weekend of October 23-25. There will be a dumpster placed behind city hall to collect tree limbs and other yard waste before the winter months come. Please check with city hall to confirm the dates after our next council meeting.

And so, as the summer draws to a conclusion, we look forward to the autumn season with its special beauty. Watching the trees turn from a uniform green to all varieties of gold, yellow and red is a spectacular experience. One can almost be blinded by its brilliance. With all this beauty there is a certain sadness in knowing that the changing colors foreshadow the arrival of a long cold winter.

So, enjoy this beautiful time of the year as we continue to live life well here at Weatherby Lake.

HALLOWEEN

The end of the month will bring out the trick or treaters in the area so be especially alert for them while you are driving during the evening hours. If your children are going out for treats, please have them wear reflective or light colored clothing and carry a flashlight. Make sure their vision is not obscured by their mask. It is best to walk in groups and to have at least one adult for each five children with the group.

COURTESY PLEASE, SHARE THE ROAD

Weatherby Lake streets, though sometimes narrow, are wide enough to accommodate motor vehicles, walkers, runners and bicyclists. We receive complaints regularly from drivers concerning runners, bikers or walkers blocking a roadway and then we receive complaints from the runners, bikers and walkers complaining about vehicles driving too close to them or passing them too quickly. Please be courteous and safe when using our streets.

LOCK YOUR DOORS

Please lock the doors on your parked vehicles and close and secure your garage doors. Several reports of persons prowling parked cars have been taken north of the river. Local police departments are investigating thefts from vehicles around the I-29 corridor. An unlocked vehicle or an open garage door is an invitation to a thief.

JEREMY KATZENBERGER TRIATHLON

The triathlon was a huge success again this year. Thanks to all the volunteers that helped make this great event occur safely. The weather was wonderful.

ENJOY THE HOLIDAYS

Let the Police Department watch your home. If you are leaving town for the Holidays, please contact us. Residence checks and residence watches are available and encouraged.

RESIDENCE CHECK ... Officers do a complete check of the exterior of the residence. They check all windows and doors.

They will pick up any papers and packages.

RESIDENCE WATCH...No physical checking unless something suspicious is observed or reported, a visual check only

HAVE YOU SIGNED UP FOR NIXLE

The City of Weatherby Lake is using a new communications tool that allows residents to receive community alerts and advisories via email and text message. This service, called Nixle, is free to use (standard text messaging fees apply) and allows the City to send out timely information on topics like severe weather warnings, road construction, traffic accidents, missing person alerts, and more.

To sign up for Nixle, visit www.nixle.com and follow the registration steps, or **click on the Nixle widget on the City Web Page**. You can choose to receive information via text message, email or directly at the Nixle website. You can also sign up to follow multiple agencies, which is beneficial if you want to keep track of what's happening in the communities where you work or visit, or if you have loved ones living out of town. Nixle is a great resource that allows us to easily reach followers with critical information related to our community. This tool allows residents to get updates directly from city staff in a timely manner.

CITY STICKERS AND ANIMAL LICENSES

2016 motor vehicle stickers and animal licenses will be on sale at City Hall beginning December 1st. City stickers are due by January 1st and become delinquent April 1st. **All dogs and cats** kept in the City of Weatherby Lake must have a current rabies vaccination and City license. Storage lot stickers are due September 1st and become delinquent December 1st

Prevent a crime, Dial 911. Keep a watchful eye on your neighborhood. Call 911 immediately if you see or hear anything suspicious.

An injured Osprey, spotted by a Weatherby resident and reported to the police. The Missouri Department of Conservation was called and the bird – rare for our parts – was recovered and taken to a rehabilitation facility.

Cemetery Restoration Goal Fulfilled

The Anders Jacks Cemetery is the second oldest cemetery in Platte County and it is believed to contain about 100 graves. The people buried there were part of the Anders and Jacks families who came from Kentucky and set up their homesteads in what is now Weatherby Lake.

The continuing restoration goal of the WL Historical Committee has been to identify the graves and permanently mark them in a manner fitting to the character and period of the cemetery, which extends from 1840 – 1905. To identify the locations of unmarked graves, the Historical Committee contracted with Mark DeSchepper of Construction Solutions to perform a Ground Penetrating Radar scan of the cemetery on November 11, 2011. He then processed the data on computer and created a chart and report showing the results.

On April 12, 2012, Platte County historian, Shirley Kimsey, dowsed the cemetery to confirm the results of the scan and help substantiate the gravesite as precisely as possible. Ms. Kimsey is often called upon to use her experience with divining rods to locate burials around the country and has performed these skills several times at the Anders Jacks Cemetery. This information gave us the best possible assessment of burial locations.

Then, on Saturday, April 21, 2012, Weatherby resident James Cookinham led an extraordinary effort to fulfill his Eagle Scout Project to benefit the Anders Jacks Cemetery and permanently mark 89 graves with native fieldstone markers by pouring concrete around each marker to stabilize them and provide for more convenient mowing and maintenance. Each concrete base was then stamped with a number to correspond to a map of the cemetery for the WLHC archives.

Future restoration efforts include continuing research of those buried in the cemetery. Descendants of the Anders and Jacks families still visit there and are very appreciative of the preservation and maintenance that has been done. We invite residents to stroll up Cemetery Lane, Off Eastside Drive, and enjoy this historic jewel of Weatherby Lake.

WL HISTORICAL COMMITTEE

The Weatherby Lake Historical Committee is made up of seven (7) members and two (2) alternates. The members are appointed by the Mayor from the public at large, and are subject to the approval of the Board of Alderpersons. Each member must be a resident of the City of Weatherby Lake, and serves for a term of three (3) years.

W.L.I.C. Update

Well, the Lake Season is about over for 2015. The WLIC is preparing for the **Annual Meeting on Tuesday, November 10th at 7:00 PM at the Kansas City Airport Hilton.** You should plan on attending! This year we are including chances to win reductions in WLIC fees, C-Point rentals and a chance for a free lunch – but you have to be there to win! We will also have some interesting speakers on topics relating to our lake.

Also, in October we **will be offering another CPR/AED class.** The first class was sold out and received rave reviews from the participants. Call the WLIC Office at 816-741-5556 to reserve a space in the class. The Irish American Club has donated two additional AED Units to the community. One will be located in the Community Center and the other at City Hall.

The WLIC will continue to monitor water conditions at the lake during the winter but on a reduced frequency. This will allow us to establish a trend for future watershed projects. You will be receiving more information on our plans in the near future.

The WLIC Dedicate a Tree Program is continuing. We need to replace an additional ten damaged trees at C-Point as well as planting new trees at other access areas. Donations for this program made to the Weatherby Lake Environmental Trust will be tax deductible to you.

You will be receiving **proposed changes to the WLIC Rules and Regulations in the next week.** Please read them carefully. They relate to clarifying existing language, promoting lake safety for our members as well as enhancing certain membership amenities.

The WLIC hopes you enjoy the lake this fall and encourages you to be safe.

Resident News

Lantz cuts the ribbon to officially open the new trail and Lantz Welch Bridge, assisted by a Platte County Commissioner.

On September 22, 2015 family and friends of Lantz and Laura Welch gathered at the new site of the bridge, Prairie Creek Trail, for the dedication of the Lantz Welch Bridge. It was a beautiful Fall-like day and a joyous occasion indeed, as Lantz cut the ribbon to officially open the bridge in it's new home. Hundreds of thousands will eventually cross over the bridge as they enjoy the beautiful new trail located just off of Running Horse Road south of Platte City in Platte County.

Family members on hand to help Lantz and Laura Welch celebrate were Lantz's son Rick and his wife Tina.

Once again, the generous spirit of Lantz and Laura Welch is demonstrated in our community. Just a sampling of previous ways that our community has benefited from the Welch kindness includes:

- It was Lantz Welch that gave Weatherby Lake:
 - ~~The seawall in A cove when it was urgently needed;
 - ~~The pedestrian bridge at Barry Road;
 - ~~The sailboats for the Junior Sailing Program;
 - ~~The Chronicles Of Weatherby Lake;
 - ~~Free legal services through the years;
 - ~~Donated \$50,000 to upgrade the Entrances to Weatherby Lake
 - ~~Interest free loans on several large improvement projects around the Lake;
 - ~~Numerous gifts through his Charitable Foundation including funding the annual Joseph Sherman Community Service Award.

October 31st - 5:00pm- C-Point

Hello Weatherby Families! School is in full swing, schedules are busy and life is bustling again. The long days of summer have come to a close and the holiday season is quickly approaching. And with that, our lake activities come alive again.

On October 3rd we have Octoberfest sponsored this year by our SWAT team. The SWAT team has asked Sarah and I to provide child friendly activities and games for this event. We have a craft and some awesome games planned for the first hour of this event. So come on out to C-Point with the family, dress up in your German gear and enjoy a fun and festive evening with friends!

Trunk or Treat

Many of our parents have been asking if the Trunk or Treat will be happening this year again. The answer is YES!!!! Not only YES, but with a few changes. As we all know, Weatherby Lake can be difficult to trick or treat, especially for the younger kiddos. Therefore, **we would like to see everyone who would normally hand out candy at their door, instead be in a parking spot at C-point. We want every parking space in C-point filled with a car, decorated and handing out candy this year!** We want this to be THE place the kiddos want to go trick or treating! So, to help place some incentive to all those adults

here at the lake who don't have kids, but want to hand out candy and provide an awesome experience for our kids here...**The Families Club will provide beverages (beer and water) and chili and chili dogs for supper. Did you all hear that? For 2 hours, from 5 to 7pm, if you decorate your trunk and hand out candy to our Trunk or Treaters, you will get a wristband for dinner and beverages (while supplies last).** For those of you who don't want to hand out candy but want to come hang out with us for a bit, we will be selling wristbands (\$6.00) or beverage cups (\$3.00). Dinner is free for everyone while it lasts. So come one, come all. Spend a fun and spooky evening with us before you head out to your costume parties or trick or treating. Let the kiddos run off some of their sugar highs and have everyone fed at the same time.

Also, we are hoping for a few donations for this evening. Whether you are a member of the Families Club or not, please keep in mind that this a free club to all families here at the lake (including cousins, friends and grandchildren) and donations and volunteers are necessary to make this all happen. If you would like to make a donation or volunteer to help with bartending, setup and/or cleanup please email me at crossashley54@gmail.com. And as always...

It takes a village, aren't you glad we live in a great one?

WLYC Long Distance Classic Race Results

Each year, the Weatherby Lake Yacht Club hosts a special event called the “**Long Distance Classic**”. While this may appear to be a normal Sunday boat race – it is not. It is a fun event, held once a year with different rules and different strategies for skippers and crew.

Sunday races (Series Races) are pretty much wind dependent...meaning the length of the race and the marks that are rounded are dependent on wind direction and speed. Racers do not know the course that will be sailed until the Race Committee posts the course on the board located on the committee boat. Typically, there are two races which are 1 to 1.5 hours long.

How is that different? The “**Long Distance Classic**” is held only once each year. The Race Committee provides skippers start times based on their type of sailboat and the handicap provided for that boat. In effect, this means that slower boats start sooner than faster boats so that by the end of the race – all boats should be equal. An official start signal is provided by the Race Committee at 1 pm which states the “**Long Distance Classic**” is underway. It is incumbent on each skipper and crew to know their exact start time for their boat type. The race is 3 hours long – no matter wind direction or speed.

As each boat makes rounds around the lake,

the Race Committee ensures each boat rounds each mark. Skippers and crew are there to keep other boats in check and call out if someone “forgets” a mark along the way. The finish is determined by where each boat ends at the conclusion of the 3 hours of hard racing. Any two boats which are very close to one another are expected to tack towards each other to determine the finishing position of those two boats.

We celebrated this year's “**Long Distance Classic**” by hosting a party and dance on September 19 at C-point.

This year's winners were:

- 1st Bill McGovern / Bob Renton
- 2nd Michelle and Paul Stevenson
- 3rd Pete & Lyn Pierce, Kiefer Lehr & Jeremy Andrews

Also Rans

- 4th Evan Conway
- 5th Tom James
- 6th Jim Kennedy
- 7th Hanns Hagen / Barb Brooks
- 8th Tony White
- 9th Dave Ebbrecht
- 10th Red McLaughlin
- 11th Keith Bruce

Weatherby Single Friends is for all single residents on the Lake, including never married, divorced, or widowed. This is a great support and social group that gets together every month.

Fun outings, home dinners, creative discussions, service projects, etc. This is NOT a match-up or dating group, just good friends having fun, and supporting one another.
